Quarterly distribution statement

APN Asian REIT Fund | ARSN 162 658 200

Dear Investor

We are pleased to enclose the distribution statement for your investment in the APN Asian REIT Fund for the period ending 30 September 2022.

A total distribution of 2.5000 cents per unit (CPU) was paid over the quarter. The Fund's running yield was 6.64% p.a. which is calculated by dividing the annualised distribution rate by the ex-buy price (\$1.5069) as at 30 September 2022. Distributions may include a capital gains component. Distributions are not guaranteed, and past performance is not an indication of future performance.

The distribution for September 2022 was deposited into your nominated bank account on 10 October 2022 if your distribution is paid by cash. Those investors who chose to have their distributions reinvested will receive their distribution as additional units in the Fund.

If withholding tax has been deducted from your distribution you are either a non-resident investor or you have not supplied us with a Tax File Number (TFN) or an Australian Business Number (ABN). Please provide us with your TFN or ABN if you wish to avoid future deductions of withholding tax.
