It may be difficult to compel Bidder and its affiliates to subject themselves to a judgment of a court outside Australia.

This Bidder's Statement is neither an offer to sell to nor a solicitation of an offer to buy securities (as such terms are defined under the US Securities Act) – other than CPA Units – from Ineligible Foreign Unitholders. The DEXUS Securities to be issued pursuant to the DEXUS Offer have not been, and will not be, registered under the US Securities Act or the securities laws of any United States state or other jurisdiction and therefore may not be offered or sold to persons resident in or located in the United States without registration or an applicable exemption from the registration requirements of the US Securities Act.

19 December 2013

Dear CPA Unitholder,

Offer to acquire all of your Units in Commonwealth Property Office Fund ("CPA")

On behalf of DEXUS Property Group ("DEXUS") and Canada Pension Plan Investment Board ("CPPIB") (together "the Consortium"), I am pleased to make this offer (the "DEXUS Offer") to acquire all of your units in CPA.

The Consortium believes that the DEXUS Offer delivers compelling value and certainty as well as providing the opportunity for CPA Unitholders to participate in the ongoing benefits associated with an investment in DEXUS.

The DEXUS Offer is being made by DEXUS Funds Management Limited ("Bidder"), in its capacity as trustee of DEXUS Office Trust Australia ("Bid Trust"), a wholesale unit trust owned on a 50:50 basis by DEXUS and CPPIB.

Summary of the DEXUS Offer

The DEXUS Offer provides for the following cash and DEXUS scrip consideration (expressed per CPA Unit):

- \$0.7745 cash; and
- 0.4516 DEXUS stapled securities ("DEXUS Securities").

The DEXUS Offer implies a price of \$1.228 per CPA Unit based on the closing price of DEXUS Securities of \$1.005 as at 18 December 2013 (the day immediately preceding this Bidder's Statement). In addition, CPA Unitholders will retain any entitlement to the 31 December 2013 CPA distribution, the amount of which is estimated at \$0.035 per CPA Unit (as per CPA management guidance).

Impact of distributions

DEXUS has estimated a distribution of \$0.0307 per DEXUS Security for the period ending 31 December 2013. CPA and GPT Group have announced estimated distributions for the period ending 31 December 2013 of \$0.035 per CPA Unit and \$0.103 per GPT Security respectively. The expected ex-date for DEXUS, CPA and GPT is 23 December 2013. It is expected that the prices of DEXUS Securities, CPA Units and GPT Securities will trade at a lower price following the ex-date.¹

The DEXUS Offer delivers compelling value and an attractive premium to CPA Unitholders

The DEXUS Offer price of \$1.228 per CPA Unit equates to a significant premium to both CPA's last reported NTA per Unit and the closing price of CPA Units prior to the announcement by Commonwealth Managed Investments Limited ("CMIL") of receipt of a preliminary internalisation proposal from the Commonwealth Bank of Australia ("CBA"), on 24 July 2013:

- 14.6% premium to CPA's 30 day VWAP to 23 July 2013 of \$1.071;
- 6.8% premium to CPA's stated 30 June 2013 NTA per Unit of \$1.15; and
- 2.9% discount to CPA's closing price on the date before this Bidder's Statement was lodged with ASIC.

In addition, the value of the DEXUS Offer represents a 1.7% premium to the alternative takeover offer made by the GPT Group (the "GPT Offer") for your CPA Units of \$1.208 (based on the GPT closing price of \$3.47, as at 18 December 2013).²

The DEXUS Offer also provides enhanced certainty having no minimum acceptance condition. This compares favourably to the GPT Offer, which is subject to a 50.1% minimum acceptance condition.³

1. For the period ending 31 December 2013, CPA's estimated distribution of \$0.035 per CPA Unit was announced on 5 December 2013, GPT's estimated distribution of \$0.103 per GPT Security announced on 9 December 2013 and DEXUS announced its distribution to the ASX on 10 December 2013.

2. Offer presented on a comparable basis. GPT is offering 0.141 GPT Securities and \$0.75325 cash for every 1 CPA Unit. The cash consideration will be reduced by the amount of any CPA distribution paid on a CPA Unit following the date of the announcement of the GPT Offer (19 November 2013) (CPA distribution to be paid for the period ending 31 December 2013 is estimated to be \$0.035 per CPA Unit).

3. Both the DEXUS Offer and GPT Offer are subject to conditions. The conditions of the DEXUS Offer are detailed in Appendix 2.

Your future investment in DEXUS

CPA Unitholders who accept the DEXUS Offer will receive cash and DEXUS Securities (unless you are an Ineligible Foreign Unitholder or Unmarketable Parcel Security holder) and will also receive the ongoing benefits associated with an investment in DEXUS, including:

- **An investment in Australia's leading office REIT** – the transaction combines two complementary office portfolios. DEXUS will have \$11.5 billion of office assets under management following the acquisition of CPA by the Consortium, providing CPA Unitholders with an ongoing investment in an A-REIT with a similar risk profile to their existing investment.
- **Higher distributions and NTA per Unit as compared to an investment in CPA** – CPA Unitholders who accept the DEXUS Offer are expected to benefit from a 15% increase in equivalent distributions per Unit (“DPU”) and a 6% increase in equivalent NTA per Unit on a pro forma basis.
- **A strong track record of successfully implementing DEXUS's strategies** – the DEXUS Offer follows disciplined execution of DEXUS's strategic objective to achieve Australian office sector leadership, which has seen DEXUS invest in world class asset management systems and processes, divest its US industrial business and reinvest \$1.8 billion into Australian office properties over the past 18 months.
- **A fully integrated office management platform** – the DEXUS property management platform spans asset management, leasing and development, and is supported by an established office management team with deep corporate and leasing experience, to achieve optimal asset outcomes.
- **Prudent and focused approach to capital allocation** – DEXUS undertakes thorough due diligence on all acquisition opportunities to limit risks to DEXUS Security holders. The Consortium has undertaken due diligence on CPA and is well prepared for managing transition issues, including those associated with a change in control of CPA.
- **Third party endorsement** – through the Consortium, DEXUS is undertaking the DEXUS Offer alongside CPPIB, a strong, long-term partner whose involvement provides a clear third-party endorsement of the DEXUS Offer and DEXUS's ability to drive value from the CPA portfolio.

Facilitation Agreement and support from CBA

DEXUS has entered into an exclusive, binding facilitation agreement with CBA in relation to the management of CPA (“Facilitation Agreement”). CBA has agreed to assist DEXUS in assuming the management of CPA, should the Consortium acquire a 50.1% interest in CPA and be appointed the responsible entity of CPA. The Facilitation Agreement provides DEXUS with the ability to work co-operatively with, and access the considerable knowledge of, CBA in the event of a handover of the management of CPA to DEXUS, which DEXUS considers beneficial.

In addition, on 18 December 2013, CBA made the following announcement on the ASX:

“CBA Group members currently have a proprietary holding of approximately 183 million units, representing approximately 7.8%, in CPA. CBA Group currently intends to accept the DEXUS Offer in respect of those proprietary holdings, and not accept the offer announced by the GPT Group on 19 November 2013, provided that such acceptance would take the Consortium's relevant interests in CPA to at least 50.1% and the DEXUS Offer is otherwise unconditional, noting that CBA Group reserves its right not to do so.”

Next steps

I encourage you to read the Bidder's Statement for more details about the DEXUS Offer, its terms and importantly the benefits you will receive from accepting the DEXUS Offer. The Bidder's Statement also includes important information about a holding of DEXUS Securities, including risks associated with DEXUS.

Please contact the DEXUS Offer Information Line on 1800 220 771 (callers in Australia) or +61 1800 220 771 (callers outside Australia) if you have any questions in relation to the DEXUS Offer.

We look forward to your acceptance of the DEXUS Offer and welcoming you as a DEXUS Security holder. The Consortium believes that the DEXUS Offer will deliver significant long term value for both existing DEXUS Security holders and CPA Unitholders who accept the DEXUS Offer.

Yours sincerely,

Christopher T Beare

Chairman

DEXUS Funds Management Limited as trustee of DEXUS Office Trust Australia

- DEXUS has consistently grown FFO and distributions per DEXUS Security
- DEXUS's management team has executed on DEXUS's strategic objective of Australian office sector leadership
- DEXUS has provided DEXUS Security holders with attractive total returns relative to the S&P/ASX 200 A-REIT Index and GPT Group

A.5 Increased market weighting and liquidity

- Expected to increase DEXUS's access to capital and may result in an improved cost of capital

A.6 DEXUS has entered into a Facilitation Agreement with CBA and the DEXUS Offer currently has the support of CBA

- The Facilitation Agreement provides a de-risked transition of management
- CBA currently intends to accept its 7.8% proprietary holding in CPA into the DEXUS Offer

A.7 The DEXUS Offer represents a superior proposition to CPA Unitholders in comparison to the GPT Offer

- Higher DEXUS Offer price, no minimum acceptance condition, and DEXUS portfolio and management team are focused on Australian office sector leadership

A.8 Risk of adverse outcome for CPA Unitholders if the DEXUS Offer is not accepted

- DEXUS currently holds a 14.9% relevant interest in CPA
- Bidder has undertaken due diligence on CPA and the Consortium members are satisfied with an investment in CPA at all ownership levels

A.1 The DEXUS Offer provides a strong premium to CPA Unitholders

The DEXUS Offer implies a price of \$1.228 per CPA Unit based on the closing price of DEXUS Securities of \$1.005 as at 18 December 2013 or an implied price of \$1.249 based on DEXUS's NTA backing per DEXUS Security as at 30 June 2013 of \$1.05. This Section of the Bidder's Statement uses an offer price of \$1.228.

The implied price of the DEXUS Offer is attractive relative to CPA's historical trading levels.

Figure A.1.1: CPA trading performance relative to the DEXUS Offer

Source: IRESS (18 December 2013). IRESS has not given its consent to the disclosure of this information.

The DEXUS Offer price of \$1.228 represents a premium/(discount) of:

- 14.6% to CPA's 30 day VWAP to 23 July 2013 of \$1.071, the day prior to CMIL's announcement that it had received a preliminary internalisation proposal from CBA, which was released to the ASX on 24 July 2013;
- 6.8% to CPA's stated 30 June 2013 NTA backing of \$1.15;
- 3.2% to CPA's stated 31 October 2013 NTA backing of \$1.19;
- (2.9%) to CPA's last close as at 18 December 2013 of \$1.265; and
- 1.7% to the GPT Offer of \$1.208 announced 19 November 2013^{1,2} (based on the closing price of GPT Securities as at 18 December 2013 of \$3.470 and less CPA's estimated distribution of \$0.035 per CPA Unit).

Figure A.1.2: DEXUS Offer premium to CPA benchmark prices

1. Offer presented on a comparable basis. GPT is offering 0.141 GPT Securities and \$0.75325 cash for every 1 CPA Unit. The cash consideration will be reduced by the amount of any CPA distribution paid on a CPA Unit following the date of the announcement (CPA distribution to be paid for the period ending 31 December 2013 is estimated to be \$0.035 per CPA Unit).

2. Note that GPT has estimated a distribution of \$0.103 per security for the period ending 31 December 2013. It is expected that the price of a GPT Security will fall after the ex-date for the distribution on 23 December 2013.

The implied price of the DEXUS Offer during the Offer Period will change according to movements in the ASX market value of DEXUS Securities. The value of the DEXUS Offer to CPA Unitholders is dependent on the market price of DEXUS Securities once they are issued. In addition, DEXUS, CPA and GPT Group have each announced to the ASX estimated distributions for the period ending 31 December 2013. The ex-date for DEXUS, CPA and GPT Group relating to the 31 December 2013 distribution is expected to be 23 December 2013 and each are expected to trade at a lower price following the ex-date.

Below is a sensitivity table which illustrates the implied price of the DEXUS Offer at various DEXUS Security prices.

DEXUS Security price	\$0.970	\$0.980	\$0.990	\$1.000	\$1.010	\$1.020	\$1.030	\$1.040	\$1.050	\$1.060	\$1.070

A.2 Increased distributions and NTA compared to an existing investment in CPA

CPA Unitholders who accept the DEXUS Offer are expected to benefit from a 15% increase in equivalent DPU and a 6% increase in equivalent NTA per Unit on a pro forma basis.

Figure A.2.1: Pro forma DPU impact

2. As at 30 June 2013. Assuming the transaction had taken place on 30 June 2013, adjusted for significant transactions and events that occurred post 30 June 2013 (refer to Section 8.4 for more information).

3. Pro forma CPA distribution and NTA per Unit figures are based on CPA Unitholders receiving 0.4516 DEXUS Securities per CPA Unit and reinvesting the cash component of the DEXUS Offer of \$0.7745 into DEXUS Securities at a DEXUS Security price of \$1.005 (representing the closing price of DEXUS Securities as at 18 December 2013).

If the Consortium acquires 100% of CPA it is expected that there will be synergies realised by DEXUS through the ongoing management of CPA's assets (see section 8.4 of the Bidder's Statement). These are likely to result from:

- removal of the responsible entity fee currently being paid by CPA;
- property management synergies; and
- operational synergies due to enhanced portfolio scale.

CPA Unitholders who accept the DEXUS Offer will also benefit from the additional funds management earnings DEXUS will receive through its ongoing management of CPA's assets on behalf of the Consortium.

A.3 Opportunity to become an investor in the leading owner and manager of Australian office properties

DEXUS will strengthen its position as the leading owner and manager of prime grade Australian office properties:

- \$11.5 billion of office properties AUM;
- 1.5 million square metres of office space in core Australian office markets; and
- ownership and/or management of 26% share of Sydney, 15% share of Melbourne and 12% share of Brisbane prime CBD office markets (as per the definition provided in Figure 1.3.2).

Brings together two complementary portfolios and enhances DEXUS's ability to actively manage its portfolio

The DEXUS Offer will bring together two complementary portfolios, creating a highly diversified office platform while retaining core exposure to the key Australian CBD office markets, Sydney and Melbourne:

- provides enhanced diversification across assets, tenants and markets;
- pro forma 87% prime grade portfolio;
- allocation to Sydney and Melbourne CBD office markets 77%;
- strong tenant representation across S&P/ASX 100, government, legal and accounting firms; and
- increased ability to retain quality tenants by providing superior accommodation solutions.

1. AUM includes assets owned by DEXUS, CPA and DEXUS third party managed funds. Represents assets within the CBD, as defined by the Property Council of Australia ("PCA") Office Market Report plus DEXUS Core Target Markets of Kings Square, Perth and Southbank, Melbourne. Values based on book values as at 30 June 2013.
2. NLA represents Net Lettable Area. Proportional for ownership percentage.
3. Represents the percentage of total NLA in Prime Grade assets within each CBD market in which the merged entity will have a representation via assets under management. Calculation excludes developments in progress and is not proportional to ownership percentage. Total market NLA sourced from PCA July 2013 Office Market Report and company filings. Market includes PCA defined boundaries plus DEXUS Core Target Markets of Kings Square, Perth and Southbank, Melbourne.

Experienced DEXUS management team focused on office

The DEXUS Offer allows CPA Unitholders to gain exposure to DEXUS's highly credentialed senior management team:

- average real estate experience of over 20 years;
- management team focus on office (office represents 78% of DEXUS's current portfolio exposure);
- office management team has deep corporate and agency backgrounds with substantial leasing experience; and
- demonstrated experience in de-risking future lease expiries.

CPA Unitholders would also benefit from DEXUS's extensive development expertise:

- DEXUS has a track record in delivering office development projects, including developments of the landmark office towers at 1 Bligh Street, Sydney and 123 Albert Street, Brisbane; and
- team of eight professionals with an average of 14 years experience.

Scrip in DEXUS is an investment in office

DEXUS's office portfolio represents 78% of its total property portfolio. GPT's portfolio has substantial exposure to retail.

A.4 DEXUS has consistently delivered solid operating performance, delivered on strategy and provided attractive relative returns for DEXUS Security holders

History of solid operating performance

DEXUS has a demonstrated history in growing FFO and distributions per security for DEXUS Security holders. On 10 December 2013, DEXUS released updated guidance for the year ending 30 June 2014. Based on this guidance FFO and distribution per security are expected to increase by 7.0% and 4.0% respectively.

Figure A.4.2: DEXUS Distribution per security growth

1. DEXUS 30 June 2014 FFO and distributions per DEXUS Security guidance based on management guidance released to the ASX on 10 December 2013.

Highly experienced DEXUS management team have delivered on strategy

DEXUS benefits from having a highly experienced management team. Since the appointment of DEXUS's new Chief Executive Officer in November 2011 and the subsequent strengthening of the management team, DEXUS has successfully executed a number of key initiatives, including:

- the sale of DEXUS's legacy US industrial portfolio, at a premium to book value;
- the acquisition of \$1.8 billion of Australian office assets since November 2012;
- the expansion of its third party funds management platform:
 - established the Australian Industrial Partnership with National Pension Service of Korea; and
 - raised over \$2 billion of net equity within its major wholesale fund DEXUS Wholesale Property Fund ("DWPF") since 2010; and
- actively managed capital in a prudent and disciplined manner.

DEXUS has consistently provided Security holders with attractive relative total returns

Past performance is not necessarily indicative of future performance.

A.5 Increased market weighting and liquidity

CPA Unitholders who accept the DEXUS Offer will have the opportunity to be part of an enlarged A-REIT focused on office:

- pro forma total assets of \$9.4 billion (versus CPA standalone assets of \$3.8 billion, as at 30 June 2013)³; and
- estimated pro forma market capitalisation of \$5.6 billion (versus CPA standalone market capitalisation of \$3.0 billion).⁴

The increase in market weighting should lead to an increase in DEXUS's index ranking. This is expected to result in an improvement in DEXUS's access to and cost of capital going forward.

The DEXUS Offer increases the scale of DEXUS's balance sheet and borrowing capacity. This could lead to lower borrowing costs and an improved credit profile.

A.6 DEXUS has entered into a Facilitation Agreement with CBA and the DEXUS Offer currently has the support of CBA

Following a period of due diligence, DEXUS has entered into an exclusive Facilitation Agreement with CBA regarding services to transition the management of CPA to DEXUS and other related services. DEXUS believes that working co-operatively with CBA in relation to the handover of the management of CPA to DEXUS will reduce risks for current and new DEXUS Security holders who accept the DEXUS Offer through facilitating a smooth and cost efficient transfer of management.

In addition, on 18 December 2013, CBA made the following announcement on the ASX:

"CBA Group members currently have a proprietary holding of approximately 183 million units, representing approximately 7.8%, in CPA. CBA Group currently intends to accept the DEXUS Offer in respect of those proprietary holdings, and not accept the offer announced by the GPT Group on 19 November 2013, provided that such acceptance would take the Consortium's relevant interests in CPA to at least 50.1% and the DEXUS Offer is otherwise unconditional, noting that CBA Group reserves its right not to do so."

The services to be provided to DEXUS by CBA under the Facilitation Agreement include:

- facilitating transfer of fund, property and development management arrangements to DEXUS from CBA Group entities;
- agreeing not to exercise any rights as lessee of any premises that CBA may have a right to purchase under a lease as a consequence of a change of responsible entity for CPA;
- providing DEXUS (or its related body corporate) the right to purchase any properties on no less favourable terms than offered to CBA in the event that CBA exercises any right to purchase any premise under a lease (as discussed above);
- providing consents as lender or counterparty to any financing or derivative arrangements with CPA which may be triggered by a change of control for CPA;
- waiving any entitlement to performance fees from CPA prior to the time that the DEXUS Offer closes; and
- standard transition services to minimise disruption to CPA and DEXUS.

Under the Facilitation Agreement, if the Consortium acquires a 50.1% interest in CPA, DEXUS is required to pay \$41 million to CPA for performing the services provided above. DEXUS believes that the above services are very valuable to the Consortium because they provide DEXUS with the ability to work co-operatively with, and access the considerable knowledge of, CBA about CPA.

A summary of the full terms and conditions of the Facilitation Agreement are contained in Section 12.4 of the Bidder's Statement.

3. Based on total assets for DEXUS and CPA at 30 June 2013, assuming 100% acquisition of CPA by the Consortium.

4. Based on DEXUS closing price of \$1.005 and CPA closing price of \$1.265 on 18 December 2013, assuming 100% acquisition of CPA by the Consortium.

A.7 The DEXUS Offer represents a superior proposition to CPA Unitholders in comparison to the GPT Offer

	DEXUS Offer	Refer to Section	GPT Offer

Support from CBA	✓ CBA has announced that it currently intends to accept its 7.8% proprietary holding in CPA into the DEXUS Offer.	A.6	No statement of support from CBA.

1. Implied DEXUS and GPT Offer price on comparable basis, based on DEXUS Security price of \$1.005 and GPT Security price of \$3.470 based on the closing price on 18 December 2013.

2. Provided that such acceptance would take the Consortium's relevant interest in CPA to at least 50.1% and the DEXUS Offer is otherwise unconditional, noting that CBA reserves its right to change its current intention to accept into the DEXUS Offer.

A.8 Risk of adverse outcome for CPA Unitholders if the DEXUS Offer is not accepted

If the DEXUS Offer is not accepted, the value outcome for CPA Unitholders is uncertain as:

There is no clear pathway to compulsory acquisition under the GPT Offer

DEXUS holds a relevant interest in CPA of 14.9% through a Forward Contract with Deutsche Bank AG. DEXUS announced on 11 December 2013 that it would exercise its rights to take physical delivery of the CPA Units underlying the Forward Contract. Under the terms of the forward, those Units must be delivered on 3 January 2014 unless postponed. DEXUS has the ability to prevent GPT from reaching the compulsory acquisition threshold of 90% of CPA Units through the GPT Offer, provided it has not accepted into the GPT Offer and has taken delivery of the CPA Units underlying the Forward Contract.

The Consortium has undertaken due diligence on CPA and Bidder is satisfied with an investment in CPA at all ownership levels

DEXUS undertakes thorough due diligence on all opportunities to limit risks to DEXUS Security holders from unknown variables.

Through its due diligence on CPA, the Consortium is well prepared for managing transition issues, including those associated with a change in control of CPA. Importantly, as a result of due diligence on CPA, the Consortium is confident of CPA's value and its view of the opportunities the portfolio presents under DEXUS management.

CPA Unitholders may become unitholders in a less liquid vehicle

The DEXUS Offer is not subject to a minimum acceptance condition⁵, providing accepting CPA Unitholders with greater certainty. Comparatively, the GPT Offer gives less certainty to CPA Unitholders as it is subject to a 50.1% minimum acceptance condition.

CPA Unitholders who do not accept the DEXUS Offer may become unitholders in a less liquid vehicle.

5. However, the DEXUS Offer is subject to conditions as detailed in Appendix 2.

#	Question	Answer	Section
11	Are there any risks in accepting the DEXUS Offer?	<p>If you accept the Offer, you will be issued with DEXUS Securities as part of the Offer Consideration (unless you are an Ineligible Foreign Unitholder or an Unmarketable Parcel Security holder). There are a number of risks factors associated with an investment in DEXUS Securities and with the DEXUS Offer itself.</p> <p>These risks include:</p> <ul style="list-style-type: none"> ▪ Exposure to development activities: DEXUS has a number of development projects as part of its property portfolio. There is a risk that developers will not meet the target earnings, and cashflow for these developments which may be impacted by a number of factors. For these developments, DEXUS has entered into fixed price construction contracts whereby the contractors assume the financial risks relating to completion delays and cost overruns. DEXUS has also obtained performance guarantees from its contractors. However, there can be no assurance that DEXUS will not be adversely impacted by the failure of a contractor to deliver a development project as agreed; ▪ Availability of capital: Real estate investment and development is highly capital intensive. DEXUS's ability to raise funds in the future on favourable terms depends on a number of factors, many of which are outside of its control and may increase the cost and availability of capital; ▪ Counterparty change of control risk: CPA Group entities are parties to agreements that contain pre-emptive or default rights or change of control provisions that may be triggered if Bidder acquires CPA Units representing a majority of the voting rights of CPA, CPA is delisted or there is a change in the responsible entity of CPA. The operation of these provisions, if triggered, could have negative consequences. These provisions may be waived or a change of control consented to by a counterparty. The Bidder Group will seek such consents and waivers as it considers are necessary. CBA has agreed to assist DEXUS RE in obtaining relevant consents and waivers from counterparties. In the absence of counterparty consent or appropriate waivers, the operation of any of these change of control provisions could adversely affect the operations and/or financial position and performance of the Combined Group; ▪ Integration risks: There is a risk that implementation and other one-off costs of integration may be substantial or greater than reasonably anticipated. This could have a material adverse impact on the Combined Group's financial position and performance. The transition of information systems, certain information and resources may not proceed smoothly and may divert management's attention from managing the DEXUS business. There is a risk that revenue streams or operations could be disrupted or that costs associated with the transition may be greater than expected, which could adversely affect the Combined Group's financial position and performance. Note, CBA has agreed to assist DEXUS RE in transitioning management of CPA to DEXUS; ▪ Availability of financing: Bidder has financing commitments in place to fund the acquisition of CPA. If any of this financing becomes unavailable for any reason and Bidder cannot put in place alternative sources of financing under similar terms, Bidder may not be able to complete the acquisition of CPA as planned; ▪ Reliance on public information and information given access to by CPA: In preparing the information in relation to CPA contained in this Bidder's Statement, Bidder has relied on publicly available information relating to CPA and information regarding the CPA Group that it was given access to by CPA. Risks may exist in relation to CPA (which may affect the Combined Group) of which Bidder may be unaware; ▪ Assumptions by Bidder: In making the DEXUS Offer, Bidder has made certain assumptions in estimating the accretion to DEXUS's FFO per Security and distribution per Security for the year ending 30 June 2014 (on an annualised basis). There is a risk that the assumptions may not be accurate and the accretion to DEXUS's FFO per Security and distribution per Security for the year ending 30 June 2014 (on an annualised basis) may be higher or lower than estimated; ▪ Issue of DEXUS Securities as consideration: CPA Unitholders are being offered DEXUS Securities as consideration under the DEXUS Offer. As a result, the value of the consideration will fluctuate depending upon the market value of DEXUS Securities. Accordingly, the market value of the DEXUS Securities at the time you receive them may vary significantly from their market value on the date of your acceptance of the Offer, and the tax treatment of the DEXUS Securities you receive may be different from your CPA Units; 	Refer to Section 11 for further details.

The directors of DEXUS Funds Management Limited are listed in Section 3.12(b).

Bid Trust is owned by DEXUS Unitholder and CPPIB Unitholder (who each own 50% of the units in it).

The purpose of Bid Trust is to acquire CPA Units pursuant to the DEXUS Offer. Other than nominal seed capital and pursuant to the DEXUS Offer, Bid Trust has no other assets or liabilities. Bid Trust's funding arrangements in relation to the DEXUS Offer are set out in Sections 9 and 12.

2.2 Current ownership structure and unitholder arrangements of Bid Trust

The following diagram shows Bid Trust's current ownership structure:

2.3 Governance arrangements of Bid Trust

Prior to the date of this Bidder's Statement, DEXUS, CPPIB and their respective group entities have entered or will enter into various joint venture arrangements governing Bid Trust. Some of these arrangements are dependent on the size of the Bidder's holding of CPA Units.

In summary, the joint venture arrangements relating to the Bid Trust comprise:

- the Joint Bid Agreement which relates to the conduct and funding of the bid;
- the Unitholders Agreement which sets out arrangements in relation to the control, management and funding of the Bid Trust by the Bid Trust Unitholders;

3 INFORMATION ABOUT DEXUS

All figures are as at 30 June 2013, unless stated otherwise.

3.1 DEXUS overview

DEXUS is one of Australia's leading real estate groups, investing directly in high quality Australian office and industrial properties.

With \$13.4 billion of assets under management, DEXUS also actively manages office, industrial and retail properties located in key Australian markets on behalf of third party capital partners.

DEXUS owns and manages an office portfolio of over 900,000 square metres across Sydney, Melbourne, Brisbane and Perth and is one of the largest institutional owners of office buildings in the Sydney CBD, Australia's largest office market, having an ownership interest in four of Sydney's seven premium office buildings.

DEXUS is a top 50 entity by market capitalisation (\$4.7 billion as at 18 December 2013) listed on the ASX under the stock market trading code 'DXS' and is supported by more than 19,000 investors from 19 countries.

With over 25 years of experience in commercial property investment, development and asset management, DEXUS has a proven track record in capital and risk management, providing service excellence to tenants and delivering superior risk-adjusted returns to investors.

DEXUS is committed to being a market leader in Corporate Responsibility and Sustainability ("CR&S") and for almost 15 years has implemented programs throughout its business which are designed to meet the needs of its key stakeholders. DEXUS's commitment to sustainable performance has been recognised through their inclusion in the following global benchmarks:

- Global Real Estate Sustainability Benchmark ("GRESB")
- Dow Jones Sustainability Index
- FTSE4Good Index
- 2013 Global SAM Corporate Sustainability Assessment
- IPD Green Building Index

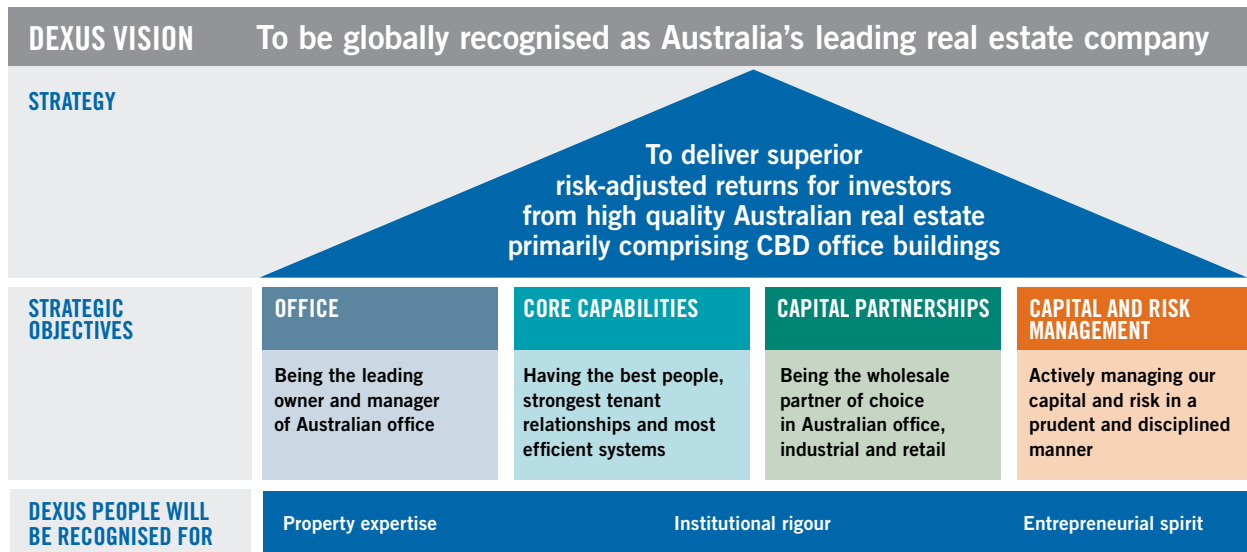

3.2 DEXUS strategy

DEXUS's vision is to be globally recognised as Australia's leading real estate company. In achieving this vision, DEXUS's strategy is to deliver superior risk-adjusted returns for investors from high quality Australian real estate, primarily comprising CBD office buildings.

DEXUS has identified four strategic objectives to guide it towards achieving its strategy of delivering superior risk-adjusted returns for its investors. The objectives focus on leadership in office, core capabilities, capital partnerships and capital and risk management. These are areas in which DEXUS has established strength and capability, and which it has the ability to develop:

- **Office** – being the leading owner and manager of Australian office.
- **Core capabilities** – having the best people, strongest tenant relationships and most efficient systems.
- **Capital partnerships** – being the wholesale investment management partner of choice in Australian office, industrial and retail.
- **Capital and risk management** – actively managing capital and risk in a prudent and disciplined manner.

3.3 DEXUS operations

DEXUS has two areas of operation:

- A \$7.3 billion direct portfolio of high-quality office and industrial properties in Australia. This business drives the majority of DEXUS's operating earnings before interest and tax (98.0% for the full year ended 30 June 2013); and
- A \$6.1 billion third party funds management platform which manages and develops Australian office, industrial and retail properties on behalf of third party capital partners. This includes DWPF, an Australian property mandate and the Australian Industrial Partnership, which collectively makes up one of the largest third party property funds management businesses in Australia.

The DEXUS Platform, as at 30 June 2013, is illustrated below.

Figure 3.3.1: DEXUS Platform

1. 30 June 2012 includes the Australian Industrial Partnership and the acquisitions of 50 Carrington Street, Sydney and 12 Creek Street, Brisbane.

2. Includes office development fund-through investments.

The DEXUS portfolio targets a portfolio composition of 80% office and 20% industrial, concentrating on core Australian markets and with a target exposure to development and repositioning assets of less than 15% of total property assets. The DEXUS portfolio exposure is now 100% Australian focused, comprising 78% office property and 22% industrial property.

DEXUS's target earnings composition is 90% from core portfolio income and 10% other income (comprising income from third party funds management, trading profits and property management sources).

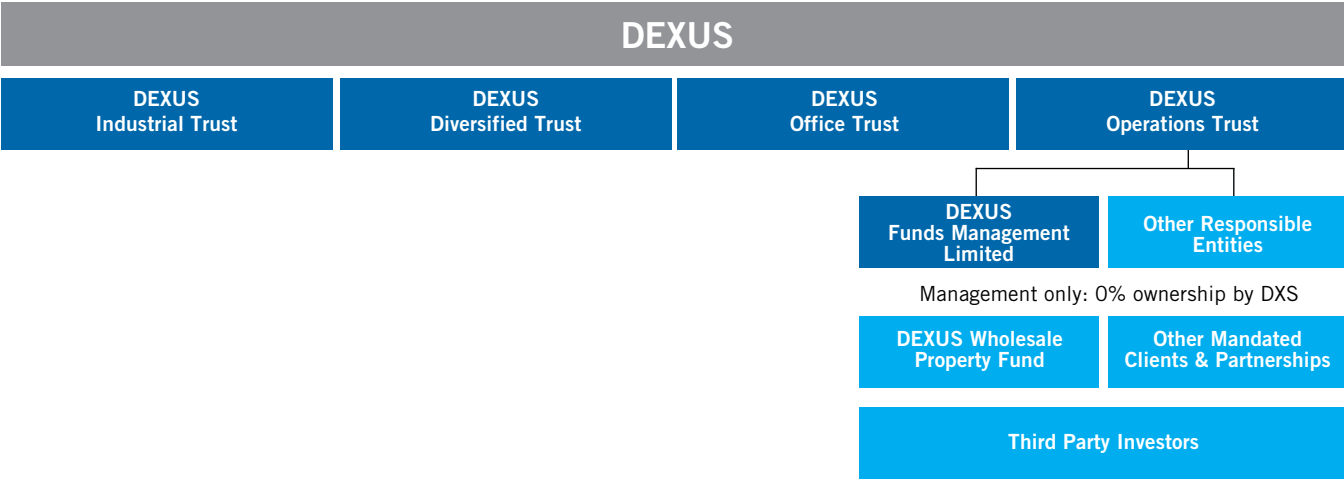

3.4 DEXUS structure

In October 2004, the units of the head trusts that comprise DEXUS (trading under their former names) were stapled together to form the DEXUS Property Group (the “Stapling Transaction”). Each head trust’s units are stapled and are quoted and trade as a single security on the ASX. The effect of the Stapling Transaction is that the DEXUS functions as a single economic group, where the head trusts have a common senior management team and public investor base, and prepare consolidated financial statements on a group basis.

The four head trusts are:

- DEXUS Diversified Trust (“DDF”)
- DEXUS Industrial Trust (“DIT”)
- DEXUS Office Trust (“DOT”)
- DEXUS Operations Trust (“DXO”)

3.5 DEXUS financial profile

DEXUS has a strong financial profile which is underpinned by its high quality portfolio, a diversified and quality tenant base and an experienced management team.

DEXUS has demonstrated a strong track record in FFO and distribution growth since 30 June 2010 despite the sale of both the US and European industrial portfolios. For the year ended 30 June 2013, DEXUS reported FFO growth of 1.3% per DEXUS Security and has provided FFO guidance for the year ending 30 June 2014 of 8.29 cents per DEXUS Security or a 7.0% growth per DEXUS Security.

DEXUS's distribution policy is to distribute between 70% and 80% of FFO, in line with free cash flow, with the expectation that over time the average payout ratio will be approximately 75% of FFO.

Growth in FFO per DEXUS Security has supported DEXUS's ability to provide sustained increases in distributions to DEXUS Security holders. For the year ended 30 June 2013, DEXUS reported distribution growth of 12.1% per DEXUS Security.

4 INFORMATION ABOUT CPPIB

4.1 Overview

CPPIB is a professional investment management organisation that invests the funds not needed by the CPP to pay current benefits on behalf of 18 million Canadian contributors and beneficiaries. At 30 September 2013, the CPP Fund totalled C\$192.8 billion and ranks among the world's top 10 largest retirement funds.

Created by an Act of Parliament in 1997, CPPIB is accountable to the Canadian Federal Government and provincial finance ministers who serve as the CPP's stewards. However, CPPIB is governed and managed independently of the CPP, operating at arm's length from governments with a singular investment-only mandate.

Headquartered in Toronto, with offices in London and Hong Kong, CPPIB invests in a diversified portfolio of public equities, private equities, real estate, infrastructure and fixed income instruments. CPPIB's clarity of mission, independence, long investment horizon, scale, certainty of assets and global reach set CPPIB apart from other pension funds and institutional investors.

CPPIB's investment-only mandate, as set out in its incorporating legislation, is:

- i. to assist the CPP in meeting its obligations to contributors and beneficiaries;
- ii. to manage any funds transferred to it in the best interests of contributors and beneficiaries; and
- iii. to invest its assets with a view to achieving a maximum rate of return, without undue risk of loss, having regard to the factors that may affect the funding of the CPP and the ability of the CPP to meet its financial obligations on any given business day.

CPPIB cannot conduct any business or activity that is inconsistent with these objectives.

4.2 Real estate investment strategy

CPPIB is an experienced and long-term investor in real estate assets. CPPIB has a long-term investment horizon and its principal real estate investment strategy is to work with strong operating partners who have deep, local expertise, to source and acquire new investments. CPPIB also seeks programmatic and highly scalable relationships that can grow over time. As an active investor, joint ventures are CPPIB's preferred investment structure as it affords stronger governance and provides greater transparency in its investments.

At 30 September 2013, CPPIB's portfolio of real estate assets was valued at approximately C\$22.0 billion. CPPIB's real estate investments in Australia include ownership interests in:

- the Barangaroo South project in the Sydney CBD;
- Goodman Trust Australia and Goodman Australia Development Fund, both being unlisted industrial real estate vehicles managed by Goodman Group;
- AMP Capital Retail Trust, which owns 80% of Pacific Fair Shopping Centre and 50% of Macquarie Centre; and
- an unlisted retail property investment vehicle called Colonial First State Global Asset Management Property Retail Partnership.

4.3 Governance

Oversight of CPPIB is provided by an independent board of directors. This board, not the relevant governments, approves investment policies and makes critical operational decisions, such as the hiring of the President and Chief Executive Officer and the setting of executive compensation.

The Canada Pension Plan Investment Board Act, CPPIB's governing legislation, expressly provides that CPPIB is not an agent of Her Majesty in right of Canada, and directors, officers, employees and agents of CPPIB are not part of the federal public administration of Canada.

CPPIB operates with high levels of disclosure and transparency, including publishing its investment policy and public equity holdings on its website and reporting to Canadians in line with regulatory requirements for public companies.

While CPPIB operates at arm's length from government, it is subject to rigorous accountability requirements. Accountability is ingrained in the CPPIB legislation, governance and in the policies and practices of the board, officers and employees. Specific examples of the ways in which CPPIB is accountable by law include:

- its annual report is tabled in the Canadian Parliament by the federal Minister of Finance;
- it receives annual audits by an independent external audit firm;
- there is a review of the CPP and CPPIB by the Canadian federal and provincial finance ministers every three years;
- CPPIB is subject to a special examination of its records, systems and practices every six years;
- if deemed necessary, the Canadian federal Minister of Finance also has the power to appoint a firm of accountants to conduct an audit at any time;
- CPPIB holds public meetings in each participating province every two years;
- the quarterly release of investment results; and
- CPPIB provides regular and timely information on its website helping interested Canadians monitor the activities and investment performance of CPPIB.

Furthermore, even where a counter party considers that its pre-emptive or default right has been triggered, there is no certainty that the counterparty will take any action in respect of that right.

In addition, under the Facilitation Agreement, CBA has agreed to do the following:

- provide consents where CBA acts as lender or counterparty to any financing or derivative arrangements with CPA which may be triggered by the DEXUS Offer;
- not to exercise any rights as lessee of any premises it may have to purchase the premises under a lease as a consequence of the DEXUS Offer; and

 - On 14 October 2013, CMIL announced that it would not grant access to the due diligence material, nor progress the DEXUS proposal at that time.
 - On 8 November 2013, CMIL entered into a Process Agreement with the Consortium granting a four week exclusive due diligence period following the receipt of a revised proposal. The revised proposal provided the following cash and DEXUS scrip consideration per CPA Unit of \$0.710 in cash consideration plus an amount equivalent to 75% of FFO per CPA Unit for the period from 1 January 2014 to the implementation date plus 0.4516 DEXUS Securities.
 - On 25 November 2013, CMIL announced the Process Agreement between CMIL and the Consortium was terminated, as the Consortium did not match a competing proposal for CPA received from the GPT Group on 19 November 2013 (and notified to the Consortium on the same date) within the specified period. However, CMIL allowed the Consortium to continue undertaking due diligence.
 - On 11 December 2013, the Consortium announced its intention to make an off-market takeover offer for all of the outstanding units in CPA for \$0.7745 cash and 0.4516 DEXUS Securities per CPA Unit, with no reduction for any distribution paid on a CPA Unit for the period ended 31 December 2013.
- GPT Offer
 - On 19 November 2013, the GPT Group announced its intention to make an off-market takeover offer for all the outstanding units in CPA for 0.141 GPT Securities per CPA Unit and \$0.75325 cash consideration per CPA Unit, reduced by the amount of any distribution paid on a CPA Unit following the date of the announcement.

6.11 Consideration provided for CPA Units during previous four months

Except as set out in this Bidder's Statement, neither Bidder nor its associates has provided (or agreed to provide) consideration for a CPA Unit under a purchase or agreement to purchase during the period of four months before the date of this Bidder's Statement or in the period between the date of this Bidder's Statement and the date of the DEXUS Offer.

1. 14.9% arises as a result of entry into the Forward Contract described in Section 6.11. The remainder arises as a result of the association between CBA and DEXUS RE caused by entry into the Facilitation Agreement.

On 25 July 2013, DEXUS RE entered into a forward contract with Deutsche Bank AG with respect to 350,000,000 CPA Units. On 11 December 2013, DEXUS RE exercised its rights under that contract to request early delivery of the CPA Units under the Forward Contract. As a consequence, Deutsche Bank AG has the obligation to make, and DEXUS RE has the obligation to take delivery of 350,000,000 CPA Units for \$1.1334 per unit² on 3 January 2014³.

6.13 No escalation agreements

Neither Bidder nor any of its associates has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

6.14 Other CPA Securities

Convertible notes

Overview

CMIL issued \$200 million of senior, unsecured convertible notes in December 2009, redeemable at the option of the noteholder on 11 December 2014. These have a final maturity date of 11 December 2016 (if not redeemed/converted earlier). The face value of the remaining CPA Convertible Notes on issue at 30 June 2013 was \$200 million. On 29 August 2013, CPA announced the conversion price for the CPA Convertible Notes was \$1.1182. The conversion price can be adjusted in the circumstances described in the prospectus for the CPA Convertible Notes dated 4 December 2009. The CPA Convertible Notes are convertible at the option of noteholders at any time until seven days before the maturity date or (if applicable) seven business days before the date of early redemption of the CPA Convertible Notes by CMIL. On a conversion, CPA Convertible Notes are converted into CPA Units at the prevailing conversion price – except for a small proportion of the face value of each CPA Convertible Note being converted (5%), which is satisfied by a payment of cash equal to the market value of the CPA Units into which the 5% amount would otherwise be converted (if converted at the prevailing conversion price). CMIL can elect to pay cash to a noteholder on a conversion instead of delivering some or all of the CPA Units owing to the noteholder – the cash amount paid in lieu of delivery of CPA Units is equal to the number of CPA Units otherwise deliverable to the noteholder that are to be 'cash settled' multiplied by the current market price of CPA Units.

Conversion following a change of control event

The CPA Convertible Notes contain change of control provisions. In the event of a 'change of control event', which includes Bidder acquiring, during the Offer Period, a relevant interest in greater than 50% of CPA Units on issue and the DEXUS Offer being declared unconditional, noteholders have the ability to convert the notes at an adjusted conversion price (which will be lower than the conversion price immediately before the change of control event):

- the adjusted conversion price will be determined by a formula, disclosed in the prospectus for the CPA Convertible Notes issued around the time of issuance of the CPA Convertible Notes, the amount of the downwards adjustment in the conversion price will depend upon the date the change of control event occurs; and
- the cost to CPA of converting CPA Convertible Notes in connection with the DEXUS Offer will depend upon the market price of CPA Units at the time of the conversion, the time that the change of control event occurs and the number of valid conversion notices received.

The lower conversion price on a change of control event applies for 20 business days (as defined in the terms of the CPA Convertible Notes) following the change of control event.

It is a condition of the DEXUS Offer that CMIL makes a public and unqualified statement that it will elect to cash-settle in full any CPA Convertible Notes in respect of which noteholders give a conversion notice before the end of the Offer Period.

Other rights on a change of control event

In addition to the above, following a change of control event or a delisting of CPA (or a suspension of quotation of CPA Units for more than 30 consecutive ASX trading days), noteholders will have a right to redeem their CPA Convertible Notes for repayment of the principal outstanding and payment of unpaid interest. Noteholders have 60 days from the later of the date of the relevant event above and the date that they are notified of the relevant event above to request redemption.

If CMIL is removed as responsible entity of CPA, the new responsible entity is not a subsidiary of CBA and the change is not approved by an extraordinary resolution of noteholders, the CPA Convertible Notes trustee may, or must if requested by 25% of noteholders by value or by an extraordinary resolution, call for immediate payment of the principal outstanding and unpaid interest on the CPA Convertible Notes.

2. Subject to reduction in accordance with the terms of the Forward Contract.

3. Unless delivery is postponed.

6.15 CPA debt

The following summarises other CPA debt arrangements:

Loan agreement with ANZ

CPA entered into a loan agreement dated 13 June 2012 with ANZ in relation to A\$200 million Term Cash Advance Facility ("ANZ-CPA Loan Agreement"), which matures on 13 June 2015.

The ANZ-CPA Loan Agreement contains a change of control provision if there is a change in the identity of the responsible entity of CPA from that existing at the date of the ANZ-CPA Loan Agreement, or if the person or persons who as at the date of the ANZ-CPA Loan Agreement hold the majority interest cease to do so, in each case where the change is outside of the Commonwealth Bank Group or is done so without the prior approval of ANZ. In the event of such a change of control, ANZ has the ability to accelerate repayment of its outstanding facilities and cancel any undrawn commitments:

- the facilities must be repaid at principal plus unpaid accrued interest and fees (including default interest, if applicable);
- such amounts are payable on demand by ANZ; and
- the cost to CPA will depend upon the time the acceleration right arises.

Loan agreement with CBA

CPA entered into a loan agreement with CBA in relation to A\$302 million Multi-Option Facility ("CBA-CPA Loan Agreement"), which matures on 30 April 2018 and allows CPA to request cash advances (up to \$300,000,000) and letters of credit/bank guarantees in favour of third parties (up to \$2,000,000).

The CBA-CPA Loan Agreement contains a change of control provision if there is a change in the identity of the responsible entity of CPA from that existing at the date of the CBA-CPA Loan Agreement, where the change is outside of the Commonwealth Bank Group or is done so without the prior approval of CBA, or if CPA ceases to be listed on the ASX. In the event of such a change of control, CBA has the ability to accelerate repayment of its outstanding facilities and cancel any undrawn commitments. Additionally, if a change of Control (as defined in section 50AA of the Corporations Act) from that existing on the date of the CBA-CPA Loan Agreement occurs in respect of CPA, CBA will have the right to review the terms on which it provides the facilities and, if it elects, it may accelerate repayment of its outstanding facilities and cancel any undrawn commitments:

- the facilities must be repaid at principal plus unpaid accrued interest and fees (including default interest, if applicable), or, in the case of outstanding letters of credit/bank guarantees, by posting cash collateral equal to the principal amount outstanding;
- such amounts are payable on demand by CBA; and
- the cost to CPA will depend upon the time the acceleration right arises.

US private placement notes (USPP debt)

CPA issued US\$138 million of US private placement notes in November 2005, which matures in two tranches in December 2015 and December 2017.

The USPP contains a change of control provision if there is an appointment of a new responsible entity of CPA without the consent of the USPP holders. In the event of such a change of control, USPP holders have the ability to require redemption of the USPP notes:

- the USPP notes will be redeemed at the principal amount, plus accrued interest and the Make-Whole Amount (in summary, this is an amount equal to the excess, if any, of the discounted value (discounted by the reinvestment yield of the USPP notes) of the remaining scheduled payments with respect to the principal of such USPP notes over the amount of such principal);
- such amounts are repayable immediately upon a USPP holder giving CPA notice of its decision to redeem the notes; and
- the cost to CPA will depend upon the calculation of the Make-Whole Amount, the time the change of control occurs and the number of USPP holder redemption requests.

Australian medium term notes (A\$ MTN debt)

CPA issued A\$200 million of MTN's in March 2011, maturing in March 2016. CPA issued A\$150 million of MTN's in December 2012, which matures in two tranches in December 2019 and December 2022, with a further \$60 million of MTN's issued in April 2013 maturing in December 2019.

Relevantly, the A\$ MTN debt give holders the right to require redemption of their notes if CPA ceases to be listed on the ASX which is likely to happen if the Bidder acquires 100% of CPA and may happen under other scenarios.

In the event the A\$ MTN debt holders elect to redeem their notes:

- the notes will be redeemed at par plus accrued interest;
- such amounts are repayable on the next Business Day after a holder gives CPA notice of its decision to redeem the notes; and
- the cost to CPA will depend upon the time the redemption right arises and the number of holder redemption requests.

7 BIDDER'S INTENTIONS

7.1 Introduction

This Section 7 sets out Bidder's intentions in relation to:

- the continued operation of CPA;
- any major changes to be made to the operation of CPA, including any redeployment of the CPA property; and
- any plans to remove the current responsible entity of CPA and appoint a new responsible entity.

These intentions are based on the information concerning CPA, its business and the general business environment which is known to Bidder at the time of preparation of this Bidder's Statement.

Despite having conducted due diligence in relation to CPA, Bidder does not currently have full knowledge of all material information, facts and circumstances that are necessary to assess the operational, commercial, tax and financial implications of its current intentions. Final decisions regarding these matters will only be made by Bidder in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this Section 7 are statements of current intention only, which may change as new information becomes available to Bidder or as circumstances change.

7.2 Intentions upon acquisition of 90% or more of CPA Units

This Section 7.2 sets out Bidder's current intentions if it acquires relevant interests in 90% or more of the CPA Units and it is entitled to proceed to compulsory acquisition of the remaining CPA Units under the Corporations Act.

Corporate matters, including change of CPA responsible entity

It is intended that:

- Bidder will proceed with compulsory acquisition of the outstanding CPA Units in accordance with the provisions of chapter 6A of the Corporations Act;
- Bidder will arrange for CPA to be removed from the Official List of the ASX; and
- subject to the Corporations Act, Bidder will replace CMIL with DEXUS RE as responsible entity of CPA as soon as practically possible after acquiring 90% of CPA Units. Bidder may vote on the change of responsible entity if a meeting is held¹. Bidder will also seek the appointment of appropriately licensed DEXUS Group entities to manage CPA and CPA's assets.

Strategy

Generally, Bidder is obliged under the Unitholders Agreement to continue to operate the current CPA portfolio on behalf of CPPIB and DEXUS.

Subject to the Unitholders Agreement, Bidder intends to undertake a detailed review of CPA assets and to implement a strategy to deliver superior risk-adjusted returns for the CPA portfolio.

In conducting its review, Bidder will consider:

- operational changes for the portfolio;
- changes to development and redevelopment programs;
- disposal of non-core assets; and
- other actions that it can take to maximise the value of the existing portfolio.

Generally, Bidder will not seek to acquire additional assets for CPA. However, it may seek to make strategic acquisitions or acquisitions of interests in existing co-owned properties over which it has pre-emptive or default rights to the extent those rights are triggered in the future and the acquisition of adjoining properties.

A change in strategy may impact the composition of returns to CPA Unitholders, including a lowering of the distribution yield and increase in the capital value of the underlying real estate (which may or may not translate to the value of CPA Units).

Sales to GWOF

Bidder intends, if it acquires 100% of CPA Units before 31 May 2014² under the terms of the DEXUS Offer as outlined in this Bidder's Statement, to offer to the responsible entity of GWOF the opportunity to acquire, on market terms³, the following CPA assets for an aggregate sale price of

1. A meeting is not always held to change a responsible entity.

2. Note in the announcement dated 11 December 2013, the Consortium's intention to make an offer was expressed to be subject to the Consortium acquiring 100% of CPA by 31 March 2014. However, Bidder has decided to extend the time period to 31 May 2014.

3. Including standard contract terms expected from a vendor in the circumstances including deposit amounts, settlement timing, standard settlement adjustments and customary provisions regarding conduct between exchange and settlement.

\$450.7 million (representing the current CPA book value plus vendor costs incurred in acquiring the properties):

- 100% interest in 750 Collins Street, Melbourne, and
- 50% interest in 2 Southbank Boulevard, Melbourne⁴.

There can of course be no assurance that Bidder will acquire 100% of the CPA Units by that date or that the responsible entity of GWOF will take up this invitation.

CPA borrowings

Bidder will seek to repay all debt finance currently available to CPA to the extent it becomes repayable.

See Section 9 for further information in relation to Bidder's funding arrangements.

Property management and development management

If DXFM or another DEXUS Group entity becomes the responsible entity of CPA, it will seek to discontinue existing property management, development management and other ancillary services arrangements.

In accordance with the terms of the Unitholders Agreement, Bidder will seek to appoint the Property Manager to undertake those activities.

Under the terms of relevant arrangements for jointly owned assets, DXFM will only be able to directly replace the property manager with the consent of existing co-owners. DXFM will seek that consent if it is appointed responsible entity of CPA.

7.3 Intentions upon acquisition of less than 90% of CPA Units

This Section 7.3 sets out Bidder's intentions if CPA were to be:

- a part-owned controlled entity (where Bidder holds 50.1% or more); and
- a part-owned non controlled entity.

The DEXUS Offer is not subject to a minimum acceptance condition. This reflects the fact that Bidder is comfortable with any level of acquisition of CPA Units.

In circumstances in which CPA becomes a part-owned controlled entity, Bidder intends, subject to the Unitholders Agreement described in Section 12.3:

- that CPA's business will continue substantially in its current form;
- to seek to implement the intentions set out in Section 7.2 to the extent possible;
- if it is in a position to do so, appoint DXFM or another entity as the new responsible entity of CPA;
- to review the ongoing suitability of CPA for listing on the ASX. Bidder currently intends that CPA continues to be listed on ASX while it meets the ASX requirements for maintaining a listing;
- to continue to deal with its stake in CPA with a view to maximising returns for the Bidder Group; and
- CPPIB and DEXUS may also, in accordance with the terms of the Unitholders Agreement, sell down their indirect investment in CPA to each other or a third party (refer to Section 12.3).

In circumstances in which CPA becomes a part-owned non-controlled entity, Bidder:

- does not expect to be in a position to give effect to all the intentions mentioned in Section 7.2;
- Bidder will, subject to the Unitholders Agreement, deal with any stake in CPA with a view to maximising returns for the Bidder Group;
- if it is in a position to do so, Bidder will seek to appoint DXFM or another entity as the new responsible entity of CPA. Bidder will also seek the appointment of appropriately licensed DEXUS group entities to manage CPA and CPA's assets; and
- currently intends not to vote its stake in favour of any asset sales to a related body corporate of a current or future responsible entity of CPA, including GWOF in the case a GPT Group entity becomes the CPA responsible entity, noting that Bidder reserves its rights to change that intention.

7.4 Limitations on intentions

The intentions and statements of future conduct set out in this Section 7 are subject to:

- the law (including the Corporations Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and "related party" transactions given that, if Bidder obtains control of CPA and replaces the responsible entity but does not acquire all of the CPA Units, the Bidder Group will be treated as related parties of CPA for these purposes; and
- the legal obligation of the directors of the responsible entity of CPA at the time, including any nominees of Bidder, to act in good faith in the best interests of CPA Unitholders and for proper purposes and to have regard to the interests of all CPA Unitholders.

Accordingly, this Section 7 must be read and understood on this basis.

4. Via an indirect sale of units in holding entities and subject to the co-owner waiving any pre-existing rights in respect of a sale.

8 PROFILE OF THE COMBINED GROUP

8.1 Introduction

This Section 8 provides a profile of the Combined Group and the effect of the DEXUS Offer on DEXUS, assuming that CPA becomes a wholly-owned subsidiary trust of the Bid Trust. If Bidder does not acquire at least 90% of the CPA Units during the Offer Period, and therefore does not become entitled to compulsorily acquire the remainder, some of the benefits that would otherwise accrue to DEXUS if CPA were to become a wholly-owned subsidiary of the Bid Trust may not be fully realised.

8.2 DEXUS strategy and rationale for making the DEXUS Offer

The proposed DEXUS Offer for CPA by Bidder is consistent with the underlying investment strategy of DEXUS to be the leading owner and manager of office real estate in Australia.

DEXUS believes that there are many compelling strategic and financial benefits that will arise from the acquisition of CPA by Bidder for DEXUS Security holders. Given that DEXUS is offering to issue DEXUS Securities to CPA Unitholders as part of the overall Offer Consideration, both CPA Unitholders and existing DEXUS Security holders will share these benefits going forward.

DEXUS RE considers that the following strategic and financial benefits will flow to current and new DEXUS Security holders if the DEXUS Offer is successful:

- solidifies DEXUS's position as the leading owner and manager of prime grade Australian office real estate:
 - office AUM increase from \$7.8 billion to \$11.5 billion; and
 - ownership and / or management of 26% share of Sydney, 15% share of Melbourne and 12% share of Brisbane prime office market.
- brings together two complementary office portfolios:
 - broadens exposure to quality, blue chip tenants; and
 - increases ability to deliver leasing solutions to tenants due to increased scale and diversity of portfolio.
- further enhances DEXUS's strong third party funds management platform:
 - platform AUM increases from \$6.1 billion to \$8.0 billion;
 - establishes a new partnership with CPPIB who invests money on behalf of the CPP, one of the world's largest pension funds and a significant investor in Australian real estate; and
 - further diversifies long-term capital sources.
- generates accretion to FFO and distributions (refer to Section 8.4 of the Bidder's Statement for further details).
- positions DEXUS as one of the A-REIT sector's lowest cost operators due to the scalability of the DEXUS Platform.
- increases the scale of DEXUS's balance sheet and borrowing capacity. This could lead to an increase in liquidity for holders of DEXUS debt securities and potentially lower borrowing costs.
- the DEXUS Offer is expected to result in an increase in DEXUS's market capitalisation from \$4.7 billion to \$5.6 billion on a pro forma basis. This increase in market weighting should lead to an improvement in DEXUS's access to, and cost of, capital.

8.3 Description of DEXUS post completion of the DEXUS Offer

This Section 8.3 sets out a description of DEXUS from an operational and strategic perspective if the DEXUS Offer is successful.

DEXUS portfolio scale and composition

DEXUS has a clear and focused strategy and aims to be globally recognised as Australia's leading real estate company through delivering superior risk-adjusted returns from high quality Australian real estate, primarily comprising CBD office buildings. DEXUS aims to achieve this through:

- being the leading owner and manager of Australian office;
- having the best people, strongest tenant relationships and most efficient systems;
- being the wholesale investment management partner of choice in Australian office, industrial and retail; and
- actively managing capital and risk in a prudent and disciplined manner.

Combining DEXUS and CPA's office portfolios

DEXUS and CPA's office portfolios are focused on the prime grade office market in key eastern sea board markets. The combination of the two portfolios is highly complementary, retaining core exposure to the key markets of Sydney and Melbourne whilst providing enhanced diversification across assets, tenants and geographies.

Figure 8.3.6: Portfolio quality: office

Figure 8.3.7: Geographic location: office

The increased scale of the combined portfolio would solidify DEXUS's position as the market leading Australian office platform with a strong presence in each of the core office markets within Australia.

8.3.8: Combined portfolio highlights

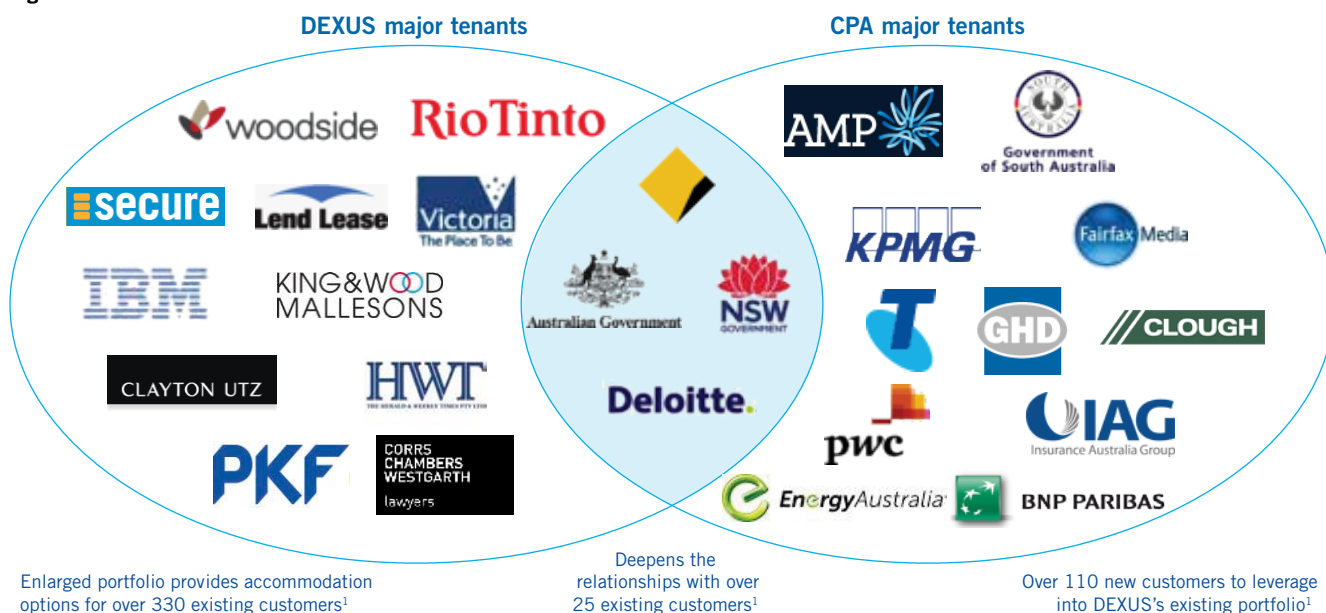

1. AUM includes assets owned by DEXUS, CPA and DEXUS third party managed funds. Represents assets within the CBD, as defined by the Property Council of Australia ("PCA") Office Market Report plus DEXUS Core Target Markets of Kings Square, Perth and Southbank, Melbourne. Values based on book values as at 30 June 2013.
2. NLA represents Net Lettable Area. Proportional for ownership percentage.
3. Represents the percentage of total NLA in Prime Grade assets within each CBD market in which the merged entity will have a representation via assets under management. Calculation excludes developments in progress and is not proportional to ownership percentage. Total market NLA sourced from PCA July 2013 Office Market Report and company filings. Market includes PCA defined boundaries plus DEXUS Core Target Markets of Kings Square, Perth and Southbank, Melbourne.

Under the DEXUS Offer, DEXUS will indirectly acquire a 50% interest in the assets of CPA (alongside CPPIB) and be responsible (where possible) for undertaking all fund, asset, property and development management activities for the portfolio. DEXUS is highly experienced in these activities and believes that the CPA portfolio can be successfully integrated into its existing operations with minimal incremental cost. DEXUS RE's reasons for this include:

- proven track record in the successful acquisition and integration of office assets and portfolios into DEXUS. Since November 2012, DEXUS has undertaken over \$1.8 billion (based on end value) of transactions within Australian CBD office markets;
- established and highly experienced office management team headed by Kevin George, EGM, Office and Industrial;
- average of over 21 years experience across the senior office and industrial team;
- DEXUS's property, leasing and development teams have extensive experience through all facets of the operation and creation of prime grade office properties:
 - DEXUS's strong leasing capability illustrated by both the completion of 130 leases over the year to 30 June 2013 (equivalent to 156,024 square metres) and reducing FY14 lease expiries as a proportion of portfolio income from 10.7% to 5.6%;
 - DEXUS's development team comprises nine professionals with an average of 14 years experience. Recent DEXUS developments include 1 Bligh Street, Sydney and 123 Albert Street, Brisbane. Both are 6 star premium office developments that reached practical completion in July 2011. These developments have received local and international awards for quality and sustainability, demonstrating the ability of DEXUS to successfully complete high quality and complex office developments;
 - DEXUS will have access to CPA's development pipeline, which includes key projects such as 5 Martin Place, Sydney and 385 Bourke Street, Melbourne;

- experienced and highly regarded treasury team focused on maintaining DEXUS RE's strong balance sheet. DEXUS's treasury team was awarded "Corporate Treasury Team of the Year" in 2012 by AFR Capital / CFO Magazine; and
- the combination of two complementary portfolios will broaden exposure to quality, blue chip tenants, enhance DEXUS's ability to accommodate current and future tenant needs and provide exposure to new tenants who do not currently occupy a DEXUS owned or managed property.

DEXUS third party funds management

Expansion of third party funds under management is a key strategic objective for DEXUS.

DEXUS has an established track record of raising third party funds:

- raised over \$2 billion of equity within its major wholesale fund DWPF since 2010; and
- established an industrial partnership with the National Pension Service of Korea in October 2012 which has grown to \$487 million.

The successful acquisition of CPA by the Consortium would further expand DEXUS's existing third party funds management platform:

- increase AUM by \$1.9 billion to \$8.0 billion; and
- create a relationship with CPPIB who invests money on behalf of the CPP, one of the world's largest pension funds and a significant investor in Australian real estate.

Investors within DEXUS's third party fund's management platform gain access to and benefit from the integrated real estate capabilities of DEXUS's senior management and property, leasing and development management teams.

Distributions

It is expected that on completion of the DEXUS Offer, DEXUS will maintain its current distribution payout policy of 70% to 80% of FFO (refer to Section 3.5 of the Bidder's Statement for further details).

8.4 Financial Profile of the Combined Group

a. Introduction

This section contains the following pro forma financial information ("Pro Forma Financial Information") for the Combined Group:

- unaudited Combined Group pro forma historic Statement of Financial Position as at 30 June 2013, assuming a range of scenarios whereby the Consortium is successful in acquiring either 100%, 50.1% or 30% of CPA units as set out in Section 8.4(c);
- pro forma FFO per security for the Combined Group for the 12 months ending 30 June 2014 as if the acquisition of CPA had taken place on 1 July 2013 and assuming the Consortium is successful in acquiring either 100%, 50.1% or 30% of CPA units set out in Section 8.4(d); and
- pro forma FFO per security for the Combined Group for the four months ending 30 June 2014 as if the acquisition of CPA had taken place on 1 March 2014 and assuming the Consortium is successful in acquiring 100% of CPA units set out in Section 8.4(d).

The Directors of DEXUS RE are responsible for the preparation and presentation of the Pro Forma Financial Information which should be read in conjunction with the investment risks set out in Section 11 and other information set out in this Bidder's Statement (including the sensitivity analysis in Section 8.4(d)).

DEXUS RE has been subject to certain limitations in preparing the Pro Forma Financial Information. In particular, whilst the Consortium was provided significant access to CPA information as part of a due diligence review conducted during an approximate four week period and ended on 9 December 2013, not all information in relation to financial affairs of CPA was provided to the Consortium as part of that due diligence work. For example, the Consortium had only limited access to key CPA personnel and did not have access to audit or review papers.

The Pro Forma Financial Information presented in this statement is provided for illustrative purposes and may not reflect the financial performance or position of the Combined Group that would have resulted had the acquisition of CPA actually been completed on the dates indicated. The Pro Forma Financial Information does not represent DEXUS RE's view of its future financial performance or position. The Directors of DEXUS RE do not guarantee the future performance of DEXUS with or without the acquisition of CPA.

All amounts disclosed in the tables are presented in Australian dollars (\$) and are rounded to the nearest \$0.1 million dollars unless otherwise noted.

b. Basis of preparation

The Pro Forma Financial Information has been presented in an abbreviated form. As a result, the Pro Forma Financial Information has not been prepared in accordance with the Corporations Act and does not contain the disclosures required by Australian Accounting Standards when presenting Financial Statements.

Pro Forma Historic Statements of Financial Position

The Pro Forma Historic Statements of Financial Position present the impact of the acquisition of CPA on DEXUS's financial position as at 30 June 2013 as if the acquisition of CPA had taken place on 1 July 2013 and are based on the following information:

- audited consolidated Financial Statements of DEXUS for the year ended 30 June 2013 (as lodged with the ASX on 19 August 2013);
- audited consolidated Financial Statements of CPA for the year ended 30 June 2013 (as lodged with the ASX on 20 August 2013); and
- other significant transactions and events that have occurred post 30 June 2013 based on publicly available information and other additional information considered necessary to reflect the Directors' pro forma adjustments (refer below).

FFO per Security

The Directors have considered the requirements of applicable law and practice, including ASIC Regulatory Guide 170, in concluding that forecast Financial Statements for the Combined Group cannot be provided as it does not have a reasonable basis for such forecasts.

As an alternative, DEXUS RE has provided FFO per security for the Combined Group. FFO is a global financial measure of real estate operating performance after finance costs and taxes, and is adjusted for certain non-cash items. The Directors of DEXUS RE consider FFO to be a measure that reflects the underlying performance of the Combined Group. DEXUS's FFO comprises net profit/loss after tax attributable to stapled security holders calculated in accordance with Australian Accounting Standards and adjusted for: property revaluations, impairments, derivative and FX mark to market impacts, amortisation of certain tenant incentives, gain/loss on sale of certain assets, straight line rent adjustments, deferred tax expense/benefit, rental guarantees and coupon income.

Pro forma FFO per security presents the impact of the acquisition of CPA on DEXUS's FFO per security for the 12 months ending 30 June 2014, as if the acquisition of CPA had taken place on 1 July 2013 and 1 March 2014 and is based on the following information:

- DEXUS's FFO per security guidance for the year ending 30 June 2014 of 8.29 cents per security (as announced on 10 December 2013); and
- CPA's guidance distribution per unit for the year ending 30 June 2014 of 6.75 cents per unit (as announced on 5 December 2013 and assuming a payout ratio of 75% of FFO).

DEXUS's FFO per security reflects the Directors' assessment of DEXUS's performance based on current operating and economic conditions and the implementation of DEXUS's business strategy.

While the Directors of DEXUS RE believe the assumptions used in preparing the pro forma FFO per security are appropriate and reasonable at the time of preparation, some events and circumstances are beyond the control of the Directors and often do not occur as expected. As a consequence, actual results may differ significantly from the pro forma FFO per security provided. The Directors of Bidder do not guarantee that the pro forma FFO per security provided will be achieved and CPA Unitholders are advised to carefully consider both the Investment Risks detailed in Section 11 and the assumptions used in preparing the pro forma FFO per security.

Adjustments relating to the impact of acquisition accounting

Bid Trust has been established in order to acquire CPA Units. The Consortium will have joint control over the Bid Trust and as a result the Pro Forma Financial Information reflects DEXUS equity accounting for its interest in the Bid Trust (and assuming the Consortium acquires 100%, 50.1% or 30% of CPA's Units) as per AASB1028 *Investments in Associates and Joint Ventures*.

AASB1028 requires DEXUS RE to initially record the investment at cost which is subsequently increased or decreased to record DEXUS's share of the profit or loss of the Bid Trust.

The cost of the investment in the Bid Trust for the purpose of the Pro Forma Financial Information is equal to DEXUS's share of consideration paid to CPA Unitholders. The consideration includes DEXUS Securities and cash. The consideration paid for each CPA Unit assumes an exchange ratio of 0.4516 DEXUS Securities and cash of \$0.7745. The total consideration, assuming a DEXUS Security value of \$1.05 (which was the NTA per security on 30 June 2013), is \$1.2487 per CPA Unit.

For accounting purposes, the value of the consideration paid to CPA Unitholders will be measured based upon the value of DEXUS Securities at the close of trading on the date control passes. The final value of the purchase consideration for accounting purposes may therefore differ from the amount assumed for the purposes of the Pro Forma Financial Information.

Accounting policies

In preparing the Pro Forma Financial Information, DEXUS RE has reviewed publicly available information to identify accounting policy differences where the impact is potentially material to the Combined Group and can be reliably estimated.

Although no material differences were identified, significant accounting policy differences may be identified after acquisition of CPA.

c. Pro Forma Historic Statement of Financial Position

The Pro Forma Historic Statements of Financial Position have been presented below assuming a range of scenarios:

- The Bid Trust acquires 100% of CPA Units ("100% Ownership Case") resulting in DEXUS having an interest of 50% in CPA Units;
- The Bid Trust acquires 50.1% of CPA Units ("50% Ownership Case") resulting in DEXUS having an interest of 25.05% in CPA Units; and
- The Bid Trust acquires 15.1% of CPA Units and DEXUS acquires 14.9% of CPA Units. As a result DEXUS has a total interest of 22.45% in CPA Units ("30% Ownership Case").

In all ownership cases, DEXUS will equity account for its interest in CPA.

Directors' Pro forma adjustments for 100% Ownership Case

1. DEXUS adjustments for events post 30 June 2013:
 - Investment properties have been reduced by \$62.4 million to reflect \$78.7 million in asset sales, the proceeds of which have been used to reduce borrowings, and a \$16.3 million increase in asset valuations, with a corresponding increase to retained profits.
 - Derivative financial assets have been reduced by \$2.7 million to remove the impact of certain economic positions held by DEXUS prior to 30 June 2013, with a corresponding decrease in retained earnings.
 - Interest bearing liabilities and contributed equity have been adjusted to reflect an on-market buyback of 73.7 million of DEXUS Securities for \$75.3 million.
2. CPA adjustments for events post 30 June 2013:
 - NTA increasing from \$1.15 per unit as at 30 June 2013 to \$1.19 per unit as a result of the revaluation of properties announced by CPA to the ASX on 23 October 2013 and 18 November 2013.
3. The CPA acquisition is assumed to occur on 1 July 2013 as follows:
 - The exercise and settlement of the Forward Contract and associated derivatives to purchase 350.0 million CPA Units.
 - The Bid Trust acquires all outstanding CPA Units, including units delivered to DEXUS under the Forward Contract.
 - CPA's debt facilities and hedging arrangements are extinguished, with the exception of CPA's A\$ MTN debt.
4. Acquiring a 100% ownership interest in CPA has the following balance sheet impacts for DEXUS:
 - Investments accounted for using the equity method increase by \$1,716.7 million to reflect DEXUS's 50% interest in the Bid Trust. The Bid Trust acquires CPA Units at the bid price and refinances all of CPA's interest bearing liabilities except for CPA's A\$ MTN debt.
 - Intangibles increase by \$41.0 million reflecting the Facilitation Payment.
 - DEXUS interest bearing liabilities increase by \$879.0 million to fund the transaction.
 - Contributed equity increases by \$947.0 million reflecting the issue of 901.8 million DEXUS Securities to CPA Unitholders as part of the DEXUS Offer.
 - Retained profits decrease by \$68.3 million, reflecting transaction costs offset by the gain on the Forward Contract.

 - The Bid Trust acquires 50.1% of outstanding CPA Units, including units delivered to DEXUS under the Forward Contract.
 - As a result of the Bid Trust's controlling interest in CPA, the change of control provisions are triggered under the respective terms of CPA Convertible Notes and USPP, resulting in cash-settlement of CPA Convertible Notes and repayment of USPP.
4. Acquiring a 50.1% ownership interest in CPA has the following balance sheet impacts for DEXUS:
 - Investments accounted for using the equity method increase by \$715.5 million to reflect DEXUS's 25.05% interest in CPA acquired at the bid price. The value of the investment has been adjusted for the refinancing of certain CPA interest bearing liabilities which is triggered by a change of control in CPA and a change in control of CPA's responsible entity and transaction costs.
 - Intangibles increase by \$41.0 million reflecting the facilitation payment made to CBA.
 - Interest bearing liabilities increase by \$388.5 million to fund the 14.9% interest in CPA acquired as part of the Forward Contract, the cash component of DEXUS's contribution to the Bid Trust and transaction costs.
 - Contributed equity increases by \$391.6 million reflecting the issue of 373.0 million DEXUS Securities to CPA Unitholders as part of the DEXUS Offer.
 - Retained profits decrease by \$23.6 million, reflecting transaction costs offset by the gain on the Forward Contract.

 - The Bid Trust acquires 15.1% of outstanding CPA units, excluding units delivered to DEXUS under the Forward Contract.
 - DEXUS retains its direct interest in 350.0 million CPA Units delivered under the Forward Contract. As a consequence, DEXUS has a look through interest of 527.0 million CPA Units (22.45% of CPA Units on issue).
4. Acquiring a 30% ownership interest in CPA has the following balance sheet impacts
 - Investments accounted for using the equity method increase by \$655.6 million to reflect DEXUS's 22.45% interest in CPA's net assets acquired at the bid price.
 - Interest bearing liabilities increase by \$492.4 million to fund the 14.9% interest in CPA acquired as part of the Forward Contract, the cash component of DEXUS's contribution to the Bid Trust and transaction costs.
 - Contributed equity increases by \$167.9 million reflecting the issue of 159.9 million DEXUS Securities issued to CPA Unitholders as part of the DEXUS Offer.
 - Retained profits decrease by \$4.7 million, reflecting the gain on the Forward Contract offset by transaction costs.

DEXUS's pro forma FFO per Security for the 12 months ending 30 June 2014 as if the acquisition of CPA Units had taken place on 1 July 2013 and is based on different levels of ownership as follows:

- The Bid Trust acquires 100% of CPA Units ("100% Ownership Case") resulting in DEXUS having an interest of 50% in CPA Units;
- The Bid Trust acquires 50.1% of CPA Units ("50% Ownership Case") resulting in DEXUS having an interest of 25.05% in CPA Units; and
- The Bid Trust acquires 15.1% of CPA Units and DEXUS acquires 14.9% of CPA Units. As a result DEXUS has a total interest of 22.45% in CPA Units ("30% Ownership Case").

The FY14 FFO and distribution per security guidance excluding the net impact of the CPA distribution for six months ending 31 December 2013 relating to the 14.9% pre-bid stake is 8.19 and 6.14 cents per security, respectively.

In preparing the pro forma FFO per Security for each scenario, the following best estimate standalone assumptions have been adopted:

- FFO per Security of 8.29 cents per Security and distribution per Security of 6.24 cents for the year ending 30 June 2014 (as announced on 10 December 2013).
- FFO per Security and distribution per Security is reduced for 0.10 cents per Security to remove the impact of the CPA first half distribution for DEXUS's 14.9% ownership of CPA Units, net of funding costs, that is included in DEXUS's FFO per Security. This adjustment is required as pro forma FFO per Security for the Combined Group is calculated by including the 12 month CPA FFO per Security for DEXUS's interest in CPA (inclusive of its 14.9% ownership).

CPA standalone assumptions

- CPA implied FFO of 9.0 cents per unit based on CPA distribution guidance for the year ending 30 June 2014 of 6.75 cents per unit and 75% payout ratio (as announced on 5 December 2013).

Pro forma assumptions for 100% FFO Ownership Case

1. Acquisition of CPA occurs on 1 July 2013.
2. DEXUS recognises its 50% share of CPA's FFO being 50% of the Consortium's interest in CPA.

- DEXUS Funds Management Limited replaces CMIL as the responsible entity of CPA.
- Cost savings of \$19.7 million for the year ending 30 June 2014 relating to the elimination of the responsible entity fees paid to CMIL and other trust costs.
- Incremental profit of \$6.0 million for the year ending 30 June 2014 from funds management, property management, leasing and development management fees.
- DEXUS funds its share of the repayment of CPA's existing debt facilities with pre-committed acquisition facilities.
- Incremental cost of new and assumed debt of 5.0%–5.2%.

Pro forma assumptions for 50.1% FFO Ownership Case

- Acquisition of CPA occurs on 1 July 2013.
- DEXUS recognises its 25.05% share of CPA's FFO being 50% of the Consortium's interest in CPA.
- DEXUS Funds Management Limited replaces CMIL as the responsible entity of CPA.
- Incremental profit of \$13.7 million for the year ending 30 June 2014 from funds management, property management, leasing and development management fees.
- CPA is assumed to refinance the Convertible Notes and USPP notes with new bank facilities.
- Incremental cost of new and assumed debt of 5.0%–5.2%.

Pro forma assumptions for 30% FFO Ownership Case

- Acquisition of CPA occurs on 1 July 2013.
- DEXUS recognises its 22.45% share of CPA's FFO (reflecting its 14.9% direct interest and 50% of Bid Trust's 15.1% interest).
- CMIL remains the responsible entity of CPA and CPA's current debt facilities remain in place.
- Incremental cost of new and assumed debt of 5.0%–5.2%.

Pro forma FFO per security impact assuming 1 March 2014 implementation

DEXUS's FFO per security for the 12 months ending 30 June 2014 as if the acquisition of CPA Units had taken place on 1 March 2014 has been determined on the assumption that the Consortium acquires 100% of CPA Units.

The table below provides a summary of the standalone FFO, combined group FFO and accretion.

	DEXUS Standalone (cps)	CPA Standalone (cpu)	Combined Group ²	
			100% Case (cps)	(%)
Pro forma FFO	8.29	9.00 ¹	8.37	1.0%
Distribution	6.24	6.75	6.29	0.8%

1. 5 December 2013 market distribution guidance of 6.75 cents per unit which assumes a payout ratio of 75%.

2. Accretion metrics are relative to DEXUS's FY14 guidance of 8.29 cents per Security. Transaction impact is not annualised.

In preparing the FFO per Security for each scenario, the following best estimate standalone assumptions have been adopted:

DXS standalone assumptions

- FFO per Security of 8.29 cents per Security and distribution per Security of 6.24 cents per Security for the year ending 30 June 2014 (as announced on 10 December 2013).

CPA standalone assumptions

- CPA implied FFO of 9.0 cents per unit based on CPA distribution guidance for the year ending 30 June 2014 of 6.75 cents per unit (and implied second half distribution of 3.25 cents per unit) and 75% payout ratio (as announced on 5 December 2013). The implied second half six month distribution of 3.25 cents per unit is adjusted to pro-rata for the four months ending 30 June 2013.

Pro forma assumptions for 100% FFO Ownership Case

- Acquisition of CPA occurs on 1 March 2014.
- DEXUS recognises its 50% share of CPA's FFO being 50% of the Consortium's interest in CPA for the four months ending 30 June 2014.
- DEXUS Funds Management Limited replaces CMIL as the responsible entity of CPA.
- Cost savings of \$6.6 million for the four months ending 30 June 2014 relating to the elimination of the responsible entity fees paid to CMIL and other trust costs.

5. Incremental profit of \$2.0 million for the four months ending 30 June 2014 from funds management, property management, leasing and development management fees.
6. DEXUS funds its share of the repayment of CPA's existing debt facilities with pre-committed acquisition facilities.
7. Incremental cost of new and assumed debt of 5.0%–5.2%.

9.1 Consideration under the DEXUS Offer

The consideration for the acquisition of CPA Units to which the DEXUS Offer relates will be satisfied partly in cash (in Australian dollars) and partly by the issue of DEXUS Securities.

9.2 Scrip consideration

Based on the number of CPA Units on issue as at the date of this Bidder's Statement, the maximum number of DEXUS Securities which may need to be issued in accordance with the DEXUS Offer if acceptances were received for all CPA Units is approximately 902 million.

In addition, if the holders of all CPA Convertible Notes are able to convert, and convert those CPA Convertible Notes, and accept the DEXUS Offer in respect of the CPA Units issued to them, additional CPA Units may need to be issued in accordance with the DEXUS Offer. However, it is a condition of the DEXUS Offer that CMIL makes a statement that it will cash-settle CPA Convertible Notes that convert during the Offer Period (and if Bidder proceeds to compulsory acquisition as a consequence of the DEXUS Offer).

Accordingly, Bidder has assumed that the maximum number of DEXUS Securities which may be required to settle acceptances under the DEXUS Offer is approximately 902 million.

9.3 Source of scrip consideration

Under the Joint Bid Agreement, DEXUS RE is obliged to procure the issuance of DEXUS Securities as consideration under the DEXUS Offer.

DEXUS has the capacity to issue the maximum number of DEXUS Securities which it may be required to issue under the DEXUS Offer.

9.4 Cash consideration

Based on the number of CPA Units on issue as at the date of this Bidder's Statement, the maximum amount of cash that would be payable by Bidder under the DEXUS Offer if acceptances were received for all CPA Units (other than DEXUS Securities that DEXUS is currently entitled to acquire in respect of any CPA Units it will receive on settlement under the Forward Contract) is approximately \$1,547 million.

Under the Joint Bid Agreement described in Section 12.2, DEXUS and CPPIB are obliged to contribute sufficient cash for the purposes of Bidder meeting its obligations under the DEXUS Offer. The relative contribution of both is affected by the scrip consideration being provided solely by DEXUS and the CPA Units that DEXUS will receive on settlement under the Forward Contract.

As a consequence, the maximum amount of cash that would be payable under the DEXUS Offer if acceptances were received for all CPA Units is as follows:

- from DEXUS, \$81.3 million; and
- from CPPIB, \$1,465.3 million.

9.5 Other funding commitments

In addition to the above, the following funding commitments may arise if acceptances were received for some or all CPA Units:

- **Refinancing:** The DEXUS Offer may trigger an obligation for the responsible entity for CPA to refinance some or all existing CPA financing debt (refer to Sections 6.14 and 6.15 for a description of CPA debt financing which may need to be repaid in the event of a change of control).

To the extent that a refinancing obligation for any of that debt is triggered prior to Bidder acquiring 100% of all CPA Units then the responsible entity of CPA will need to refinance that debt.

Under the terms of the Joint Bid Agreement, if acceptances are received for 100% of all CPA Units, then each of CPPIB and DEXUS is obliged to contribute 50% of the amount needed to repay existing CPA debt finance (to the extent needed). CPA's interest bearing liabilities as at 30 June 2013 were approximately \$916 million;

- **Forward Contract:** DEXUS will become obliged to pay a maximum of \$397 million under the Forward Contract to acquire a 14.9% interest in CPA. Under the Joint Bid Agreement, DEXUS is obliged to do so once Bidder receives acceptances under the DEXUS Offer of 35.1% or greater of CPA Units; and
- **Other costs:** It is expected that a number of other costs will be incurred in connection with the transaction.

9.6 Sources of cash funding

CPPIB

As at 30 September 2013, CPPIB had total assets under management valued at approximately C\$192.8 billion (A\$204.0 billion)¹. CPPIB intends to fund its proportion of Bidder's payment of the cash consideration from cash proceeds received through the sale of existing passive equity portfolio holdings or internal cash funding sources (which includes cash at bank and assets readily convertible to cash, such as money market securities or government bond collateral). As at 30 September 2013, CPPIB's internal cash funding sources were in excess of C\$48.5 billion (A\$51.3 billion)¹ (C\$18.2 billion (A\$19.3 billion)¹ of money market securities; C\$30.3 billion (A\$32.1 billion)¹ of marketable Canadian government bonds). In addition, at 30 September 2013 CPPIB has Canadian and foreign (non-emerging market) passive equity holdings of approximately C\$48.4 billion (A\$51.2 billion)¹.

DEXUS

DEXUS can fund its share of the cash consideration required under the DEXUS Offer, associated transaction costs and, if required, refinancing obligations described in Section 9.5 through loan facilities ("Loan Facilities") that DEXUS intends to enter into with Australia and New Zealand Banking Group Limited, National Australia Bank Limited, Citibank, N.A., Sydney Branch, Deutsche Bank, AG (Sydney Branch) and JPMorgan Chase Bank N.A. (each a "Bank").

Binding letters of commitment ("Commitment Letters") have been signed by each Bank pursuant to which each Bank has agreed to enter into a formal facility agreement to provide the Loan Facilities to DEXUS ("Loan Facility Agreements") for loan proceeds of \$1.3 billion.

Subject to the terms of those Loan Facility Agreements, DEXUS will be able to borrow an amount:

- well in excess of the maximum amount of the cash consideration it will be required to contribute under the DEXUS Offer; and
- required to meet other funding commitments described in Section 9.5, or if DXFM was to become responsible entity of CPA as described in Section 7.2, DXFM as responsible entity of CPA will be able to borrow the relevant amounts in place of DEXUS.

The Loan Facility Agreements will be substantially consistent with the terms of existing facility agreements and the existing common terms deed poll executed by DEXUS.

The Banks' commitments are provided for purposes that include the payment of cash consideration it will be required to contribute under the DEXUS Offer and other payments that will be required to meet the funding commitments described in Section 9.5, subject to satisfaction of specified conditions precedent. In addition, if DEXUS RE was to become responsible entity of CPA as described in Section 7.3, the portion of those commitments available to it will be provided for the purpose of enabling it to refinance any of CPA's existing debt financing (including related fees and transactions costs and expenses), subject to satisfaction of specified conditions precedent. The conditions precedent are usual for a facility of this nature and include:

- duly executed Loan Facility Agreements and ancillary documentation;
- procedural and mechanical conditions precedent (such as verification certificates, legal opinions, corporate authorisations and required know your client and anti-money laundering deliverables);
- delivery of information in relation to the DEXUS Offer;
- payment of all fees and expenses then payable in connection with the Loan Facilities; and
- the absence of the following in relation to DEXUS RE or a member of the DEXUS Group that acts as a guarantor:
 - limited specific misrepresentations (including status, power, documents binding, ranking of debt and status of trusts comprising DEXUS and its Controlled Entities);
 - limited specified breaches of undertaking (including ranking of debt, negative pledge, disposals, restrictions on distributions and provision of financial accommodation);
 - limited specified events of default (including insolvency, failure to pay, voidability of documentation, enforcement against assets, status of trusts comprising the DEXUS Group and change in control/delisting of the DEXUS Securities); and
 - a material adverse effect in respect of the Bank's rights and remedies under, DEXUS's ability to meet payment and material obligations under, or the validity and enforceability of the Loan Facility Agreements and ancillary documents.

In addition, the conditions precedent include:

- that the DEXUS Offer is unconditional; and
- that it is not illegal for the relevant Bank to fund.

DEXUS has no reason to believe that these conditions precedent will not be satisfied.

9.7 Provision of consideration

On the basis of the arrangements described in this section, Bidder is of the opinion that it has a reasonable basis for holding the view, and holds the view, that Bidder will be able to provide the consideration offered under the DEXUS Offer (as well as other funding commitments described in Section 9.5).

Australian tax considerations

The taxation information below has been prepared to provide a broad summary of the Australian income tax considerations for CPA Unitholders that dispose of their CPA Units as a result of accepting the DEXUS Offer or compulsory acquisition.

The taxation information provided below is intended only as a brief guide. The Australian taxation consequences for CPA Unitholders will ultimately depend upon their individual circumstances. Accordingly, it is recommended that CPA Unitholders seek professional taxation advice in relation to their own position. The information applies only to individuals who hold their CPA Units and any DEXUS Securities received on capital account (although brief comments have been provided in relation to the availability of the capital gains tax ("CGT") discount for other types of entities). The information does not cover the taxation implications for CPA Unitholders who hold their investments on revenue account, as trading stock or where the CPA Units are subject to the "Taxation of Financial Arrangement" provisions.

The comments below do not address any taxation implications which might arise in countries other than Australia. Non-Australian tax resident CPA Unitholders should seek their own advice on the consequences of the disposal of their CPA Units under any relevant foreign tax laws.

The information below is based on existing tax law and established interpretations as at the date of this Bidder's Statement and may be subject to change over time. It is important to note that the Government announced on 6 November 2013 that it would proceed with a new tax system for MITs. This could change the way trusts and/or their unitholders are taxed in Australia. The outcome of the announcement is not yet known.

CGT consequences for resident CPA Unitholders

Disposal of CPA Units

The disposal of the CPA Units will have CGT implications for the CPA Unitholder. Broadly, the CPA Unitholder must include any realised capital gain or loss on the disposal of their CPA Units in the calculation of their net capital gain or loss for the year. The date of disposal of the CPA Units will be taken to be the date which CPA Unitholders accept the DEXUS Offer. Alternatively, the date of disposal of the CPA Units will be when their CPA Units are compulsorily acquired.

A CPA Unitholder will derive a capital gain on the disposal of their CPA Units to the extent that the capital proceeds on disposal exceed the CGT cost base of the CPA Units. A CPA Unitholder will incur a capital loss on the disposal of the CPA Units to the extent that the capital proceeds on disposal are less than the CGT reduced cost base of the CPA Units. The cash and market value of the DEXUS Securities (that make up the DEXUS Offer to CPA Unitholders) (or cash only if you are an Unmarketable Parcel Security holder) will be the capital proceeds for the purposes of calculating the capital gain or loss. Given that DEXUS Securities are listed on the ASX, one basis for determining the market value of the DEXUS Securities received is to use its closing price on the ASX on the date of disposal (refer date of disposal comments above). This is consistent with the ATO's guidelines for valuing listed shares (contained in the ATO's publication "Market Valuation for Tax Purposes"). The ATO's guidelines also state that other valuation methodologies may be more appropriate in certain circumstances and therefore CPA Unitholders should seek their own advice in this respect.

If a CPA Unitholder accepts the DEXUS Offer but one or more of the conditions of the DEXUS Offer are not satisfied, the DEXUS Offer will lapse. Any CPA Unitholders who have accepted the DEXUS Offer in these circumstances will not be taken to have disposed of their CPA Units and accordingly, should not realise any capital gain or loss. Specific advice however should be obtained where the acceptance of the DEXUS Offer and the DEXUS Offer lapsing occurs in different income years.

Generally, the CGT cost base of each CPA Unit will include the amount paid by each CPA Unitholder to acquire their CPA Units, together with any capital costs of acquisition or disposal, reduced by any tax deferred distributions or returns of capital made by CPA whilst each CPA Unitholder held their CPA Units.

If the CPA Unitholder (being an individual, or a trustee of a trust) has held the CPA Units for 12 months or more at the time of disposal and there is a net capital gain, a discount factor of 50% may be available to that individual or trustee of a trust. The operation of the CGT discount can be complex for trustees so CPA Unitholders in these circumstances should obtain specific advice. If the CPA Unitholder is a complying superannuation entity the discount factor that may be available is 33⅓%. The CGT discount is not available to companies. Note that any available capital losses will be deducted from the gross capital gain before the CGT discount is applied. CPA Unitholders should seek their own advice in this respect.

Scrip for scrip roll-over relief will not be available

Scrip for scrip rollover relief will not be available to defer recognition of any capital gain realised by CPA Unitholders as a result of the disposal of their CPA Units.

CGT consequences for non-resident CPA Unitholders

Disposal of CPA units

The disposal of the CPA Units will have CGT implications for the CPA Unitholder only where the CPA Units are taxable Australian property (“TAP”). CPA Units should be TAP where:

- the CPA Unitholder has held more than 10% of the issued capital of CPA at the date of disposal of the CPA Units or throughout a 12 month period that began no earlier than 24 months before the date of disposal and ended no later than the date of disposal; and
- more than 50% of the market value of CPA consists of taxable Australian real property (direct and indirect interests in Australian real property, including leases of Australian land).

A capital gain may also arise for non-resident CPA Unitholders if they have used their CPA Units at any time in carrying on a business through an Australian permanent establishment. Note that scrip for scrip rollover relief will not be available to defer any capital gains. Further, no discount on a capital gain is available for non-resident CPA Unitholders.

Goods and Services Tax (“GST”)

The acquisition and disposal of CPA Units and DEXUS Securities is not subject to GST. However, CPA Unitholders may incur GST on costs that relate to their participation in the DEXUS Offer and should seek their own independent advice in relation to the GST implications of participating in the DEXUS Offer.

Stamp Duty

No Australian stamp duty will be payable by CPA Unitholders in respect of the disposal of their CPA Units or acquisition of DEXUS Securities.

Taxation of DEXUS Securities for former CPA Unitholders

Taxation on disposal of DEXUS Securities

The disposal of DEXUS Securities by the former CPA Unitholders (resident and non-resident unitholders) will broadly have similar tax outcomes to the disposal of their CPA Units (refer to comments above).

Note however that the disposal of a DEXUS Security involves the disposal of four separate assets, being a unit in each of the four stapled trusts, DIT, DOT, DDF and DXO. The CGT cost base of a DEXUS Security and the capital proceeds received on the disposal of a DEXUS Security must be apportioned between the underlying units on a reasonable basis. Note that the capital proceeds for Ineligible Foreign Unitholders or Unmarketable Parcel Security holders will equal the net proceeds received from the Nominee for disposing of the DEXUS Securities to which they would otherwise be entitled.

If a CPA Unitholder accepts the DEXUS Offer but one or more of the conditions of the DEXUS Offer are not satisfied, the DEXUS Offer will lapse. Any CPA Unitholders who have accepted the DEXUS Offer in these circumstances will not be taken to have acquired any DEXUS Securities. Specific advice however should be obtained where the acceptance of the DEXUS Offer and the DEXUS Offer lapsing occurs in different income years.

The CGT cost base of a DEXUS Security should be equal to the market value of each DEXUS Security (that makes up part of the DEXUS Offer to CPA Unitholders) that is received by the former CPA Unitholders. Refer to comments above regarding the market value of DEXUS Securities received.

For the purpose of allocating capital proceeds and CGT cost base to each underlying unit, one basis of apportionment is to use the relative net asset value (“NAV”) of each trust. The NAV of each trust is available on the DEXUS website at www.dexus.com/investor-centre/DEXUS/distributions-tax.

In addition, the date of acquisition of the DEXUS Securities (and not the CPA Units) is the relevant date to determine whether a discount factor is available for a capital gain.

Distributions on units in DIT, DOT and DDF

DIT, DOT and DDF are “flow through” trusts under Division 6 of the Income Tax Assessment Act 1936 and, based on current tax legislation, DIT, DOT and DDF should not generally be liable for income tax as it is intended that DEXUS Security holders will be presently entitled to all of the income of each trust.

Australian tax resident DEXUS Security holders

DEXUS Security holders are liable to pay tax on the full amount of their share of the taxable income of each trust in the year in which entitlement arises. A DEXUS Security holder's share of the taxable income of each trust for the year ending 30 June must therefore be included as assessable income for the financial year ended on that date. This applies irrespective of whether distributions from each trust are paid in a subsequent year.

Distributions from each trust may include various components, the taxation treatment of which may differ. For example, a distribution from each trust to a DEXUS Security holder may include a tax deferred component, a CGT concession component, as well as net capital gains.

Tax deferred distributions are usually attributable to returns of capital, building allowances, tax depreciation and other tax timing differences. For DEXUS Security holders that hold their DEXUS Securities on capital account, tax deferred distributions are not assessable when received unless and until the total tax deferred amounts received by a DEXUS Security holder exceed the cost base of the units in the trust. For CGT purposes, amounts of tax deferred distributions received reduce the cost base of the units for the DEXUS Security holder and therefore affect the DEXUS Security holder's capital gain/loss on disposal of the units. A DEXUS Security holder will make an immediate capital gain to the extent a tax deferred distribution is more than the DEXUS Security holder's cost base of the units in the trust.

Where an asset that is owned by a trust for at least 12 months is disposed of, that trust will receive a 50% discount on the capital gain realised. The CGT concession component of a distribution represents the CGT discount claimed by a trust in respect of asset sales. The CGT concession component is not assessable when received by DEXUS Security holders and does not reduce the cost base of the units.

The capital gain component of a trust distribution must be included in the DEXUS Security holder's calculation of their net capital gain. Where the distributed capital gain includes a discounted capital gain component, the DEXUS Security holder is required to gross up that amount by the discount applied by the relevant trust (i.e. 50%). The nominal capital gain (i.e. the whole amount of the gain prior to discounting) is then included in the calculation of the DEXUS Security holder's net capital gain. The DEXUS Security holder may be entitled in their own right to a CGT discount as an individual, trustee of a trust, or a complying superannuation entity.

Non-resident DEXUS Security holders

DIT, DOT and DDF have been and are expected to continue to be MITs. On this basis tax will be deducted from distributions to non-resident DEXUS Security holders in respect of Australian sourced income as follows:

- to the extent that a trust distribution includes an Australian sourced interest component, tax will be withheld at the rate of 10%. This is a final tax.
- to the extent that a trust distribution includes an Australian sourced taxable component, other than interest, tax will be withheld at 15% where the DEXUS Security holder is resident in an Exchange of Information ("EOI") country as defined for the MIT provisions (i.e. included in the regulations). If the DEXUS Security holder is not resident in an EOI country as defined for the MIT provisions, the rate is 30%.

The distributions will not be included in the Australian assessable income of the DEXUS Security holder and no credit will be available for tax withheld on this amount.

Distributions of foreign sourced income to non-residents should not be subject to taxation in Australia.

Distributions on units in DXO

DXO is a public trading trust as defined in Division 6C of the Income Tax Assessment Act 1936 and is also the head entity of a tax consolidated group. The consequences of being a public trading trust and the head entity of a tax consolidated group is that DXO is treated as a company for all income tax purposes.

Accordingly, distributions received by Australian tax resident DEXUS Security holders, other than returns of capital, are taxed as dividends and the dividend (plus any attached franking credit) must be included in the DEXUS Security holder's assessable income in the year in which the distribution is made.

For non-resident DEXUS Security holders, franked distributions from DXO should be exempt from Australian dividend withholding tax. Unfranked distributions will be subject to dividend withholding tax at 30% unless a lower rate applies under a tax treaty.

11.1 Overview

In deciding whether or not to accept the DEXUS Offer, you should read this entire Bidder's Statement carefully. You should also carefully consider the risk factors outlined in this Section 11 and your personal circumstances. This Section 11 is general only and does not take into account your individual objectives, financial situation or needs.

If the DEXUS Offer becomes unconditional, CPA Unitholders who accept the DEXUS Offer (other than an Ineligible Foreign Unitholder or Unmarketable Parcel Security holder) will become DEXUS Security holders.

A number of risks and uncertainties, which are both specific to DEXUS and of a more general nature, may affect the future operating and financial performance of DEXUS and the value of DEXUS Securities.

This Section 11 outlines the:

- risks that are specific to DEXUS (see Section 11.2);
- specific risks that are common to the existing businesses of the Bidder Group and CPA, and which will therefore be risks to which the Combined Group will be exposed (see Section 11.3);
- risks that arise from the DEXUS Offer (see Section 11.4); and
- general, investment and industry risks of the Combined Group (see Section 11.5).

Many of these risks are outside the control of Bidder and CPA. Although the Combined Group will have in place a number of strategies to minimise exposure to, and mitigate the effects of, some of the risks outlined in this section, there can be no guarantee that such arrangements will protect the Combined Group from these risks.

11.2 Risks specific to DEXUS

This section identifies the key risks associated with an investment in DEXUS Securities. These risk factors are not exhaustive of the risks faced by potential investors in DEXUS Securities.

If any of the following risks materialise, DEXUS's business, financial condition and operational results are likely to suffer. In this case, the trading price of DEXUS Securities may fall and you may lose all or part of your investment, and / or the distributable income of DEXUS may be lower than expected or zero, with distributions being reduced or being cut to zero.

a. Development activities

DEXUS has a number of development projects as part of its property portfolio. The developments include the properties at King Square, Perth and Queen Street, Brisbane.

There is a risk that developers will not meet the targeted earnings, and cashflows for these developments which may be impacted by a number of factors including construction costs, scheduled completion dates, assumed post completion occupancy, assumed rentals achieved and the ability of tenants to meet rental obligations.

For these developments, DEXUS has entered into fixed price construction contracts. Under the contracts, the contractors assume the financial risks relating to completion delays and cost overruns. DEXUS has also obtained performance guarantees from its contractors. However, there can be no assurance that DEXUS will not be adversely impacted by the failure of a contractor to deliver a development project as agreed. These developments also include a guarantee of rental income for either two or five years from their date of practical completion. For counterparty risk see generally Section 11.5(g).

b. Availability of capital

Real estate investment and development is highly capital intensive. DEXUS's ability to raise funds in the future on favourable terms depends on a number of factors including general economic conditions, political, capital and credit market conditions and the reputation, performance and financial strength of DEXUS's business. Many of these factors are outside DEXUS's control and may increase the cost and availability of capital.

c. Impact of financing covenants

DEXUS's financiers require it to maintain certain gearing and other ratios under various debt covenants. In the event that these covenants are breached, financiers may seek to exercise enforcement rights under debt documentation.

No financiers' rights under DEXUS's current debt facilities are triggered as a result of adverse market capitalisation movements.

d. Impact of interest rates

DEXUS's interest cost on floating rate debt will increase if benchmark interest rates increase. This would reduce earnings and cashflow available for distribution to security holders.

DEXUS manages its exposure to adverse fluctuations in floating interest rates by entering into interest rate hedging instruments, however the impact of interest rate hedging may be negative, depending on the extent, timing or direction of movements in underlying rates.

e. Financial forecasts

There is a risk that the assumptions in the financial information in this Bidder's Statement may not hold such that the forecast earnings and distributions differ.

f. Impact of factors affecting ordinary distributions

DEXUS's ability to pay distributions to its security holders is dependent upon underlying earnings and cashflow generated by its business.

11.3 Risks relating to the Combined Group

In addition to the risk factors set out above in Section 11.2, a number of which are risk factors likely to be similar to those already faced by CPA Group, the following factors may affect the future operating and financial performance of the Combined Group.

a. Counterparty change of control risk

CPA Group entities are parties to agreements that contain pre-emptive or default rights or change of control provisions that may be triggered if Bidder acquires CPA Units representing a majority of the voting rights of CPA, CPA is delisted or there is a change in the responsible entity of CPA (refer to Section 6.2(d)).

The operation of these provisions, if triggered, could have negative consequences including enabling a counterparty to terminate a contract, accelerate payment obligations or require a CPA Group entity to renegotiate a contract or sell joint venture interests. These provisions may be waived or a change of control consented to by the counterparty. The Bidder Group will seek such consents and waivers as it considers are necessary. CBA has agreed to assist DEXUS RE in obtaining relevant consents and waivers from counterparties (see Section 12.4 for a description of CBA's obligations in this regard).

In the absence of counterparty consent or appropriate waivers, the operation of any of these change of control provisions could adversely affect the operations and/or financial position and performance of the Combined Group.

b. Integration risks

There is a risk that implementation and other one-off costs of integration may be substantial or greater than reasonably anticipated. This could have a material adverse impact on the Combined Group's financial position and performance.

The transition of information systems and data, technical, financial and legal information and resources may not proceed smoothly and may divert management's attention from managing DEXUS's business. There is a risk that revenue streams or operations could be disrupted or that costs associated with the transition may be greater than expected, which could adversely affect the Combined Group's financial position and performance.

Note, CBA has agreed to assist DEXUS RE in transitioning management of CPA to DEXUS (see Section 12.4 for a description of CBA's obligations in this regard).

c. Impairment of goodwill and other intangible assets

The financial statements of the Combined Group will be prepared in conformity with A-IFRS and consistent with the current accounting policies of DEXUS. Under A-IFRS, intangible assets that have an indefinite useful life including goodwill, are not subject to amortisation and are reviewed annually for impairment. Individual assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an individual asset may not be recoverable. Changes to the carrying amounts of intangible assets of the Combined Group could have an adverse impact on the reported financial performance of the Combined Group.

d. Accounting revisions may be required

CPA has particular accounting policies and methods which are fundamental to how it records and reports its financial position and results of operations. The management of CPA may have exercised judgement in selecting and applying certain accounting policies or methods which might have been reasonable under the circumstances yet might have resulted in reporting materially different outcomes than would have been reported under DEXUS's policies and methods.

While no material differences between DEXUS and CPA Group policies and methods have been identified to date, it is not certain that those policies have been applied in the same way. The integration of CPA Group's accounting functions may lead to revisions of these accounting policies, which may adversely impact on the Combined Group's reported results of operations and/or financial position and performance.

e. Risks related to 5 Martin Place

CPA is undertaking, in a joint venture with Cbus Property 5 Martin Place Pty Ltd, a significant redevelopment of the property at 5 Martin Place, Sydney (\$215 million). Ashurst Australia Services Pty Limited ("Ashurst") is the anchor tenant for the property.

Bidder has not reviewed all of the arrangements between Ashurst and the joint venture in relation to its anchor tenancy. However, Bidder understands from CMIL that the arrangements contain a provision which has the effect that where there is a delay in completion of the development at 5 Martin Place, the joint venturers may have unlimited exposure to Ashurst for breach of the agreement.

Bidder has not been given access to sufficient information to understand the potential liability to Ashurst for CPA as a consequence of the proposed redevelopment.

The current developer does give an indemnity in respect of any losses caused to CMIL for a delay, up to a maximum of \$5,000,000. To the extent there is a delay in completion of the development and the losses that arise as a result of that delay are greater than \$5,000,000, then this may negatively impact on CPA's reported results of operations and/or financial position and performance.

11.4 Risks that arise from the DEXUS Offer

Risks that may arise as a result of the DEXUS Offer include:

a. Acquisition of less than 100% of CPA

If Bidder acquires less than 90% of all of the CPA Units on issue under the DEXUS Offer, this would prevent Bidder compulsorily acquiring all remaining CPA Units.

The Bidder Group will still seek to have an appropriately licensed Bidder Group entity appointed as responsible entity of CPA.

CPA Unitholders should note that there is a risk that the CPA Unit price may fall below the value of the DEXUS Offer and that they may become minority unitholders in a less liquid investment if Bidder acquires more than 50% of CPA.

b. Availability of financing

Bidder has financing commitments in place to fund the acquisition of CPA detailed in Section 9. If any of this financing becomes unavailable for any reason and Bidder cannot put in place alternative sources of financing under similar terms, Bidder may not be able to complete the acquisition of CPA as planned.

c. Reliance on public information and information given access by CPA

In preparing the information relating to CPA contained in this Bidder's Statement, Bidder has relied on publicly available information relating to CPA and information regarding the CPA Group given access by CPA. Risks may exist in relation to CPA (which may affect the Combined Group) of which Bidder may be unaware. However, as CPA is an ASX listed entity, any substantial threats to CPA's business should have been disclosed pursuant to CPA's periodic and continuous disclosure obligations.

If any material risks are known to CPA directors, they must be disclosed in the target's statement to be issued by CPA.

d. Assumptions by Bidder

Bidder has made certain assumptions in estimating the accretion to DEXUS's FFO per security and distribution per security for the year ending 30 June 2014. This includes assumptions in relation to DEXUS's FFO per security guidance and CPA's FFO per unit and distribution per unit guidance for the year ending 30 June 2014, as well as pro forma adjustments as a result of the acquisition of CPA. This includes costs to refinance the CPA Convertible Notes, USPP notes issued by CPA and transaction costs (refer Section 8.4). There is a risk that the assumptions may not be accurate and the accretion to DEXUS's FFO per security and distribution per security for the year ending 30 June 2014 may be higher or lower than estimated.

e. Issue of DEXUS Securities as consideration

CPA Unitholders are being offered DEXUS Securities as consideration under the DEXUS Offer. As a result, the value of the consideration will fluctuate depending upon the market value of DEXUS Securities.

Accordingly, the market value of the DEXUS Securities at the time you receive them may vary significantly from their market value on the date of your acceptance of the DEXUS Offer, and the tax treatment of the DEXUS Securities you receive may be different from your CPA Units.

f. Sale of DEXUS Securities

Under the DEXUS Offer, DEXUS RE will issue a significant number of new DEXUS Securities. Some CPA Unitholders may not intend to continue to hold their DEXUS Securities and may wish to sell them. There is a risk that increased sales of DEXUS Securities may adversely impact on the price of, and demand for, DEXUS Securities.

g. Sale of CPA Units

As described in Section 12.3, it is possible that under the Unitholders Agreement, in circumstances in which Bidder acquires less than 50% of CPA Units at the end of the Offer Period, DEXUS will be required to acquire all of the CPA Units acquired by Bidder.

DEXUS RE currently anticipates that it would be in a position to complete any such acquisition.

11.5 General and industry risks of the Combined Group

The business activities of the Combined Group will be subject to various general economic and industry specific risks that may impact on the future performance of the Combined Group. Some of these risks can be mitigated by the use of safeguards and appropriate systems and controls, but some are outside the control of the Combined Group and cannot be mitigated.

The general risks to which participants in the property investment and development industry are exposed include the following (which you are currently exposed to through your holding of CPA Units and will continue to be exposed to as a DEXUS Security holder):

a. Returns from investments

The value, expectations of capital growth, and returns from DEXUS's and CPA's property assets will fluctuate depending on property market conditions. Rental and occupancy levels may change as a result of changes in the property market and general economic conditions (including conditions relating to Retail, Office, Logistics & Business Park and development assets), and this may affect the distributions paid by DEXUS RE and the market price of DEXUS Securities.

The ability to procure tenants (including timing and rental paid), demand for property from investors, expenses in operating, refurbishing and maintaining properties, and timing of receiving sale proceeds may influence the value of the Combined Group's assets. The supply of competing buildings, both existing and new, may also affect the ability to secure lease renewals, retain existing tenants or obtain new tenants. If it becomes not possible to negotiate lease renewals or maintain existing lease terms, income and book values may be adversely impacted.

b. Changing investor demand for property investments

The demand for property and listed property securities may change as investor preferences for particular sectors and asset classes change. The demand for property as an asset class changes over time and can be influenced by general economic factors such as interest rates, stock market cycles and exchange rates.

c. Asset and land values

Asset values are affected by many factors including prevailing market conditions, risk appetite, volume of sales, the ability to procure tenants, contracted rental returns, operating, maintenance and refurbishment expenses and the funding environment.

From time to time unanticipated events occur that affect the value of land or development costs which may in turn affect the financial returns from property investment, projects and property related business. For example, land resumption, major infrastructure requirements or unanticipated environmental issues may affect these financial returns.

d. Time delays

Development approvals, slow decision-making by counterparties, complex construction specifications, changes to design briefs, legal issues and other documentation changes may give rise to delays in completion of projects, loss of revenue and cost overruns. Additionally, delays in completion of projects may, in turn, result in liquidated damages and termination of lease agreements and pre-sale agreements.

Other time delays that may arise in relation to construction and development projects include supply of labour, scarcity of construction materials, lower than expected productivity levels, inclement weather conditions, land contamination, difficult site access or industrial relations issues.

Objections raised by community interest groups, environmental groups and neighbours may also delay the granting of planning approvals or the overall progress of a project.

e. Property liquidity

Property assets are by their nature illiquid investments. The Combined Group may be required to dispose of some of its property assets in response to adverse business conditions. Given the relatively illiquid nature of property investments, the Combined Group may not be able to achieve the disposal of the property asset(s) in a timely manner or at an optimal sale price. This may affect the Combined Group's NTA or market price of DEXUS Securities.

f. Competition

The Combined Group will face competition from other property groups active in Australia. Such competition could lead to the following adverse outcomes:

- loss of tenants to competitors;
- a reduction in rents; and
- an inability to secure new tenants resulting from oversupply of space.

g. Counterparty / credit risk

A-REITs are exposed to the risk that third parties, such as tenants, developers, service providers and financial counterparties to derivatives (including foreign exchange and interest rate hedging instruments) and other contracts may not be willing or able to perform their obligations.

h. Fixed nature of costs

Many costs associated with the ownership and management of property assets are fixed in nature. The value of assets may be adversely affected if the income from the asset declines and these fixed costs remain unchanged.

i. Capital expenditure

A-REITs are exposed to the risk of unforeseen capital expenditure requirements in order to maintain the quality of the buildings and tenants.

j. Environmental matters

A-REITs are exposed to a range of environmental risks which may result in project delays or additional expenditure. In these situations, they may be required to undertake remedial works and potentially be exposed to third party liability claims and/or environmental liabilities (e.g. penalties or fines).

k. Regulatory issues and changes in law

A-REITs are exposed to the risk that there may be changes in laws that have a materially adverse impact on financial performance (e.g. by directly or indirectly reducing income or increasing costs).

l. Insurance

A-REITs purchase insurance, customarily carried by property owners, managers, developers and construction entities, that provides a degree of protection for its assets, liabilities and people. These policies include material damage of assets, contract works, business interruption, general and professional liability and workers compensation. There are however certain risks that are uninsurable (e.g. nuclear, chemical or biological incidents) or risks where the insurance coverage is reduced (e.g. cyclone, earthquake). A-REITs also face risk associated with the financial strength of their insurers to meet indemnity obligations when called upon which could have an adverse effect on earnings.

m. Government policy and taxation

Changes in relevant taxation laws, accounting standards, other legal, legislative and administrative regimes, and government policies (including Government fiscal, monetary and regulatory policies), may have an adverse effect on the assets, operations and, ultimately, the financial performance of the Combined Group. These factors may ultimately affect the Combined Group's financial position and performance and the market price of DEXUS Securities.

n. General economic conditions

The operating and financial performance of the Combined Group is influenced by a variety of general economic conditions and business conditions, including the level of inflation, interest rates and exchange rates and Government fiscal, monetary and regulatory policies. Higher than expected inflation rates generally or specific to the property sector could be expected to increase operating costs and development costs. A prolonged deterioration in general economic conditions could materially and adversely affect the Combined Group's operations and/or financial position and performance.

o. Equity market conditions

The market price of DEXUS Securities will be affected by the financial performance of the Combined Group and also varied and often unpredictable factors influencing equity and credit markets generally. These factors include international stock markets, interest rates, domestic and international economic conditions, domestic and international political stability, investor sentiment, and the demand for equities generally.

p. Litigation and disputes

Disputes or litigation may arise from time to time in the course of business activities. There is a risk that material or costly disputes or litigation could adversely affect financial performance and security value.

q. Occupational health and safety

Failure to comply with the necessary occupational health and safety legislative requirements across the jurisdictions in which DEXUS operates could result in fines, penalties and compensation for damages as well as reputational damage.

r. Other factors

Other factors may impact on an entity's performance including natural disasters, changes or disruptions to political, regulatory, legal or economic conditions or to the national or international financial markets including as a result of terrorist attacks or war.

12.1 Overview

This Section 12 sets out a summary of three material arrangements Bidder or DEXUS RE have entered into in relation to the DEXUS Offer as follows:

- Joint Bidder Agreement;
- Unitholders Agreement; and
- Facilitation Agreement.

12.2 Joint Bid Agreement

▪ General

DEXUS RE, CPPIB and Bidder have entered into the Joint Bid Agreement, which sets out arrangements in relation to the conduct of the takeover bid for CPA.

▪ Funding and conduct of offer

The Bid Trust is a special purpose trust which has been established to acquire issued CPA Units. DEXUS and CPPIB each indirectly hold (through DEXUS Unitholder and CPPIB Unitholder respectively), 50% of the units in the Bid Trust.

Under the Joint Bid Agreement, DEXUS Unitholder and CPPIB Unitholder are required to contribute additional capital to the Bid Trust to fund the DEXUS Offer. CPPIB Unitholder will contribute additional capital in the form of cash and DEXUS Unitholder will contribute additional capital through a combination of cash and new DEXUS Securities.

If the Bid Trust acquires 35.1% of the issued CPA Units, DEXUS will transfer its holding of 350 million CPA Units under the Forward Contract with Deutsche Bank AG into the Bid Trust.

The Joint Bid Agreement sets out the mechanics under which the interests of DEXUS Unitholder and CPPIB Unitholder are equalised so that at all times their proportionate holding in the Bid Trust is equal to 50%.

▪ Exclusivity

During an exclusivity period which runs until June 2014 (unless otherwise extended by mutual agreement), each party is subject to “no shop” and “no talk” obligations in relation to any competing proposal to the DEXUS Offer. The parties must notify the other parties of any approach by a third party in relation to a competing proposal.

▪ Termination

The Joint Bid Agreement will terminate automatically if not all of the defeating conditions to the DEXUS Offer have either been freed or fulfilled by the end of the Offer Period.

12.3 Unitholders Agreement

▪ General

Bidder, DEXUS Unitholder and CPPIB Unitholder have entered into the Unitholders Agreement, which sets out arrangements in relation to the control, management and funding of the Bid Trust.

▪ Subscription for units in the Bid Trust

The Bid Trust Unitholders are required to subscribe for units in Bid Trust in accordance with the Joint Bid Agreement.

▪ Financing of the Bid Trust

The Bid Trust Unitholders are required to provide additional funding to enable the trustee to incur expenditures that are permitted under the Unitholders Agreement, for example, expenditures in an approved budget and emergency expenditure.

▪ Co-Owner Committee

The Co-Owner Committee is a body responsible for considering and approving a list of reserved matters on behalf of the Bid Trust Unitholders, including:

- budgets, asset plans, investment plans and expenditure;
- acquisitions and disposals (including pre-emptive rights over assets);
- related party proposals;

- significant leasing decisions;
- major financing decisions, prepayment, refinancing, loans, guarantees and security;
- to the extent Bid Trust has not acquired 100% of the issued CPA Units, any exercise by Bidder of its rights as a CPA Unitholder, including calling a CPA Unitholders meeting, or proposing or voting on resolutions of CPA Unitholders.

If the Bid Trust has not acquired 100% of the issued CPA Units, the matters reserved for determination by the Co-Owner Committee are largely limited to the Bid Trust. This is because prior to acquisition of 100% of the issued CPA Units, Bidder, as a CPA Unitholder, has limited rights to manage the CPA Group. However, Bidder as a CPA Unitholder, has rights to vote on resolutions to replace the responsible entity of CPA and to wind up CPA.

■ **Composition of the Co-Owner Committee**

DEXUS Unitholder, CPPIB Unitholder and any other Bid Trust Unitholder holding at least 10% of the units in Bid Trust may appoint one representative member and one alternate to the Co-Owner Committee.

■ **Decision making of Co-Owner Committee**

For the first seven years, decisions of the Co-Owner Committee are to be made by unanimous resolution, or in the case of minor decisions, by 75% special majority resolution. After seven years, all decisions are made by 75% special majority resolution.

■ **CPA management rights**

As soon as practical after the Bid Trust has acquired at least 50% of the issued CPA Units and the Offer Period has closed, Bidder must appoint itself or its related party (ie another DEXUS Group entity) as the responsible entity of CPA and as the trustee of any of the CPA sub-trusts.

If a DEXUS Group entity receives a responsible entity fee or sub-trustee fee under the CPA Group constituent documents, and those fees are more than the fee which would have been payable to the Investment Manager in respect of the CPA Group under the Investment Management Agreement, CPPIB Unitholder will be entitled to receive a fee rebate for its share of the difference.

■ **CPPIB future partnering right**

CPPIB Unitholder has a right to be offered the opportunity to participate as a capital partner (directly or indirectly) in new office investments in the Australian market with DEXUS or its group entities, ahead of other capital partners.

This right does not apply to certain existing arrangements which DEXUS has in place or if DEXUS has received an exclusive invitation to participate in the new office investment. However, Bidder must use reasonable endeavours to facilitate the participation of CPPIB Unitholder in these circumstances (if practical).

This right ceases to apply if the CPPIB Unitholder ceases to hold units in the Bid Trust or if DEXUS ceases to control the Investment Manager or the Property Manager.

■ **Budget**

The Bidder must carry on the business of the Bid Trust Group (including the CPA Group if the Bid Trust has acquired 100% of the issued CPA Units) in accordance with a budget approved by the Co-Owner Committee. Default budget provisions apply if the Co-Owner Committee fails to approve a budget.

■ **Bid Trust trustee fees**

No trustee fee is payable in respect of the Bid Trust, but Bidder may recover certain costs which have been reasonably and properly incurred.

■ **Distribution policy**

While the Bid Trust holds less than 100% of issued CPA Units, the distribution policy of the Bid Trust is to make distribution of net proceeds from asset sales and any distributions received from CPA, less any liabilities for which Bidder is entitled to be indemnified (subject to a minimum to avoid Bidder being taxed on the income retained in the Bid Trust).

If the Bid Trust holds 100% of issued CPA Units, the distribution policy of the Bid Trust is to make quarterly distributions of funds from operations, and net proceeds from asset sales (subject to a minimum to avoid Bidder being taxed on the income retained in the Bid Trust).

■ **Transfer restrictions**

The Bid Trust Unitholders may not transfer their units except with the prior written consent of the other Unitholders, or as otherwise permitted under the Unitholders Agreement.

■ **Removal of Investment Manager**

If the Investment Management Agreement is terminated for cause, CPPIB Unitholder (or a nominee) has an option to acquire DEXUS Unitholder's Bid Trust units at the net asset value per unit as at date of termination. If the option is not exercised within 12 months after termination, DEXUS Unitholder may sell its units in Bid Trust to a qualified investor, provided that it first offers those units to CPPIB Unitholder and any other Bid Trust Unitholders.

■ Unitholder default

A Bid Trust Unitholder will become a defaulting unitholder if a non-defaulting unitholder issues a notice identifying the unitholder as a defaulting unitholder on one or more of the following grounds:

- there has been a winding up, insolvency, receivership, enforcement of an encumbrance or similar event in relation to the defaulting unitholder;
- the defaulting unitholder has breached a material obligation which has a material adverse effect on the Bid Trust Group (subject to a remedy procedure);
- there has been a change of control of the defaulting unitholder without the prior written consent of the other Bid Trust Unitholders.

Bid Trust Unitholders unrelated to the defaulting unitholder have a pre-emptive right to acquire the units of the defaulting unitholder at a price to be agreed between the unitholders, or failing agreement, at the net asset value per unit as at the date of becoming a defaulting unitholder.

The defaulting unitholder may sell its units to a qualified investor if its units are not acquired by the unrelated Bid Trust Unitholders through the exercise of pre-emptive rights. If a qualified investor is not found, the Co-Owner Committee must consider how to deal with the remaining units.

■ Sale of CPA Units into competing bid

If Bidder sells its CPA Units into a takeover bid which competes with the DEXUS Offer and CPPIB Unitholder's share of the profits from the sale (disregarding any transaction costs) plus its share of any break fee received from CMIL in relation to the DEXUS Offer is less than \$3 million, DEXUS Unitholder will pay the shortfall to CPPIB Unitholder.

If Bidder sells all of its CPA Units where it holds less than 100% of the issued CPA Units, it must terminate the Bid Trust and distribute any other assets of the Bid Trust in accordance with the Bid Trust constitution.

■ Exit in Year 1-2: Bid Trust holds less than 50% of CPA Units

The Unitholders Agreement provides Bid Trust Unitholders with a "Put/Call Option" if the Bid Trust holds less than 50% of the issued CPA Units. Under the Put/Call Option, each Bid Trust Unitholder has up to two options to require Bidder to sell its CPA Units to DEXUS Unitholder or its nominee.

Number of CPA Units

The first Put/Call Option is for all of the CPA Units held by the Bid Trust up to such number of CPA Units which aggregate original costs is less than \$600 million (rounded down).

If the first Put/Call Option has been exercised and there are remaining CPA Units held by the Bid Trust, the Bid Trust Unitholders will have a second Put/Call Option for the remaining CPA Units.

Option exercise period

The first Put/Call Option may be exercised within 20 business days after the first anniversary of Offer Close.

The second Put/Call Option may be exercised within 20 business days after the second anniversary of Offer Close.

If an alternative proposal for the sale of 100% of units in the Bid Trust is being considered, DEXUS Unitholder and CPPIB Unitholder will attempt to agree to extend the expiry date of the exercise period for the Put/Call Options.

Acquisition price

The acquisition price per CPA Unit is equal to the original cost per CPA Unit plus a 9% p.a. return, less any distributions received from CPA and any proportionate fee rebates described above under the heading "CPA management rights".

Reinvestment of sale proceeds

CPPIB Unitholder may agree with DEXUS to reinvest its share of the sale proceeds in assets owned by DEXUS, to be managed on substantially the same terms as the Investment Management Agreement and the Property and Development Management Agreement.

Sale of CPA Units to third party

If a proposal to sell the CPA Units held by the Bid Trust under a competing and superior takeover bid has been put to the Co-Owner Committee but CPPIB Unitholder does not agree to it, and the deadlock is not resolved, the DEXUS Unitholder may cause the Put/Call options to lapse by giving a notice to the CPPIB Unitholder.

■ Exit in Year 1-5: Bid Trust holds at least 50% but less than 100% of CPA Units

CPPIB Unitholder exit – Year 1-5

CPPIB Unitholder may at any time between the first and fifth anniversaries of the Offer Close, notify Bidder that it wishes to exit. If this occurs, Bidder and DEXUS Unitholder must use reasonable endeavours to facilitate the sale of:

- all of Bidder's CPA Units to DEXUS Unitholder (or its nominee); or
- all of CPPIB Unitholder's Bid Trust units to a third party.

CPPIB Unitholder may agree with DEXUS RE to reinvest its share of the sale proceeds in assets owned by DEXUS, to be managed on substantially the same terms as the Investment Management Agreement and the Property and Development Management Agreement.

In specie winding up – after Year 3

CPPIB Unitholder or DEXUS Unitholder may, after the third anniversary of Offer Close, require Bidder to wind up the Bid Trust and distribute the CPA Units plus any cash on liquidation of any other assets of the Bid Trust.

CPPIB Unitholder will be subject to the following restrictions if it has initiated the winding up:

- if CPPIB Unitholder wishes to sell some or all of its CPA Units, it must first offer those units to DEXUS Unitholder;
- if DEXUS Unitholder does not take up the CPA Units, CPPIB Unitholder may sell the CPA Units to a third party subject to the following conditions:
 - the third party must not be a restricted purchaser without DEXUS Unitholder's consent;
 - if the proposed sale is for more than 5% of the issued CPA Units in a single transaction, DEXUS Unitholder has another pre-emptive right to buy those units on terms no less favourable terms than those offered to the third party;
 - DEXUS Unitholder's consent is required if the proposed sale involves the transfer of more than 10% of the issued CPA Units in a single transaction; and
 - in the first 5 years, if transfers in any six month period (in aggregate) would involve 20% or more of the issued CPA Units, DEXUS Unitholder's consent is required for the transaction that would (if completed) cause the 20% threshold to be exceeded.

■ Exit after Year 5: Bid Trust holds at least 50% but less than 100% of CPA Units

After the fifth anniversary of Offer Close, a Bid Trust Unitholder may notify Bidder that it wishes to exit its investment in the Bid Trust.

All Bid Trust Unitholders wish to exit

If all of the Bid Trust Unitholders wish to exit, Bidder must request the responsible entity of CPA to prepare a detailed analysis of the alternatives available to all CPA Unitholders to exit an investment in CPA. The Bidder must seek to realise its investment in CPA Units with a view to maximising proceeds. This may include proposing and voting in favour of a resolution of CPA Unitholders to wind up CPA.

One Bid Trust Unitholder seeks exit

If only one Bid Trust Unitholder wishes to exit, the non-exiting unitholder has a pre-emptive right to acquire (for itself or a nominee) the CPA Units held by the Bid Trust, at a price nominated by the exiting unitholder. If the pre-emptive right is not exercised, Bidder must seek to sell its CPA Units to third parties. If a sale to third parties is not completed within six months or by the required settlement date, the exiting unitholder may require Bidder to propose and vote in favour of a resolution of CPA Unitholders to wind-up CPA.

■ Exit before Year 7: Bid Trust holds 100% of CPA Units

CPPIB Unitholder may, until the seventh anniversary of the Offer Close, sell up to 25% of its units in Bid Trust to up to two qualified investors in parcels of at least 10%. DEXUS Unitholder has a pre-emptive right to acquire any Bid Trust units which CPPIB Unitholder proposes to sell, at a price nominated by CPPIB Unitholder.

If DEXUS Unitholder does not take up the Bid Trust units, CPPIB Unitholder may sell the units to a qualified investor. However, if the price offered to the qualified investor is below the price initially offered to DEXUS Unitholder, then DEXUS Unitholder has another pre-emptive right to acquire the units at the lower price.

If CPPIB Unitholder has sold some Bid Trust units to an incoming investor, and proposes to exercise its sale right for a second time, the pre-emptive rights described above will apply pro-rata to both DEXUS Unitholder and the incoming investor.

■ Exit after Year 7: Bid Trust holds 100% of CPA Units

All Bid Trust Unitholders wish to exit

After the seventh anniversary of Offer Close, if 100% of Bid Trust Unitholders wish to exit, Bidder must call a meeting of the Co-Owner Committee to consider exit opportunities. Bidder must implement any exit opportunity that has been approved by the Co-Owner Committee. If the Co-Owner Committee fails to approve an exit opportunity, Bidder must wind up the Bid Trust in accordance with the constitution.

Some Bid Trust Unitholders wish to exit

After the seventh anniversary of Offer Close, any Bid Trust Unitholder may notify Bidder that it wishes to exit. The non-exiting Bid Trust Unitholders have pre-emptive rights to acquire the Bid Trust units of the exiting unitholder, at the following price:

- if the exiting Bid Trust Unitholders hold 50% or more of the Bid Trust units, net asset value per unit based on a six months forward valuation of the Bid Trust Group assets from the date the exiting Bid Trust Unitholder gives notice of its intention to exit; and
- if the exiting Bid Trust Unitholders hold less than 50% of the Bid Trust units, net asset value per unit as at the date the exiting Bid Trust Unitholder gives notice of its intention to exit.

If the Bid Trust units of an exiting Bid Trust Unitholder are not acquired through the exercise of pre-emptive rights, the exiting Bid Trust Unitholder may sell their Bid Trust units to qualified investors. However, the non-exiting Bid Trust Unitholders have another pre-emptive right to acquire the units if:

- in the case of an exit of Bid Trust Unitholders holding 50% or more of the Bid Trust units, the price offered to the qualified investor is below 95% of the price initially offered to the non-exiting Bid Trust Unitholders; and

- in the case of an exit of Bid Trust Unitholders holding less than 50% of the Bid Trust units, the price offered to the qualified investor is below the price initially offered to the non-exiting Bid Trust Unitholders.

■ **Removal of the trustee of Bid Trust**

Bidder may retire as trustee of the Bid Trust if the appointment of the Investment Manager or the Property Manager is terminated.

Bidder must retire as trustee of the Bid Trust if the appointment of the Investment Manager or the Property Manager is terminated for cause and the Co-Owner Committee requires Bidder to retire as trustee of the Bid Trust.

12.4 Facilitation Agreement

■ **General**

DEXUS has entered into an agreement with CBA for the provision of transitional facilitation services in relation to the management of CPA. Under the agreement, CBA will receive a payment of \$41 million for providing facilitation and other services on an exclusive basis. The services will be provided from the date that the combined voting power of CPPIB and DEXUS in CPA is equal to at least 50.1%.

■ **Facilitation services**

CBA has agreed to:

- terminate, novate, or sub-contract to DEXUS, property management and development management agreements between CPA and relevant entities within the CBA group;
- assist DEXUS to obtain the property and development management rights and associated fees in relation to QV Building, Melbourne and 5 Martin Place, Sydney;
- retain Colonial First State Property Limited and Colonial First State Managed Property Limited as sub-trustees of CPA entities (for a period of time);
- not exercise any right as lessee of any premises it may have to purchase the premises under a lease as a consequence of a change in responsible entity. CMIL announced on the date of this Bidder's Statement that those rights only exist in respect of the following properties:
 - 5 Martin Place, Sydney
 - 2 Dawn Fraser Avenue, Homebush
 - 4 Dawn Fraser Avenue, Homebush
 - 101 George Street, Parramatta
 - 150 George Street, Parramatta
- the Facilitation Agreement also referred to 385 Bourke Street. However, CBA and CMIL have confirmed that CBA has no such rights in respect of that property;
- provide DEXUS (or its related body corporate) the right to purchase any of the above properties on no less favourable terms in the event CBA exercises such rights arising in respect of a transaction other than the DEXUS Offer;
- provide consents as lender or counterparty to any financing or derivative arrangements with CPA which may be triggered by a change of control transaction;
- waive any entitlement to receive performance fees from CPA prior to the time the DEXUS Offer closes; and
- provide books, records and information regarding the management of CPA.

■ **Modification of facilitation services and fees**

Either party may, prior to 14 February 2014 (or until the date that the voting power of DEXUS and CPPIB in CPA increases to at least 50.1%, if earlier), notify the other that they wish to modify the scope of the facilitation services. If this occurs, the parties must consider whether they can agree in good faith to a reduction in the level of services and the \$41 million fee.

■ **Exclusivity**

During an exclusivity period (ending no later than 30 June 2014), CBA is subject to “no shop” and “no talk” obligations in relation to any competing proposal to the DEXUS Offer. CBA must notify the other parties of any approach by a third party in relation to a competing proposal.

■ **Termination**

Either party may terminate the Facilitation Agreement if:

- the other party suffers an insolvency event;
- the other party is in material breach of the agreement and the breach has not been remedied within 3 business days of notice in writing specifying the breach;
- the DEXUS Offer is withdrawn;
- a third party's voting power in CPA exceeds 50.1%;
- a third party becomes responsible entity of CPA; or
- the combined voting power of DEXUS and CPPIB in CPA has not increased to at least 50.1% by 30 June 2014.

13.1 Structure of the DEXUS Offer

CPA Units transferred to Bidder under the DEXUS Offer will be held by Bidder directly.

DEXUS RE will issue DEXUS Securities under this DEXUS Offer. DEXUS RE's contact details are:

Level 25, Australia Square
264 George Street
Sydney NSW 2000
Australia

13.2 Date for determining holders of CPA Units

For the purposes of section 633 of the Corporations Act, the date for determining the people to whom information is to be sent under items 6 and 12 of section 633(1) of the Corporations Act is the Register Date.

13.3 DEXUS is a disclosing entity

DEXUS Securities form part of the Offer Consideration and accordingly the Corporations Act requires that this Bidder's Statement includes all information that would be required for a product disclosure statement for an offer of DEXUS Securities.

DEXUS is a listed disclosing entity for the purposes of the Corporations Act and, therefore, it is subject to regular reporting and disclosure obligations. Specifically, like all listed entities, DEXUS is required to continuously disclose to the market any information of which it is aware that a reasonable person would expect to have a material effect on the price or the value of DEXUS Securities.

Copies of documents lodged with ASIC in relation to DEXUS (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, an ASIC office.

Bidder and DEXUS will provide a copy of each of the following documents, free of charge, to any person on request during the Offer Period:

- the most recent annual financial statement lodged with ASIC by DEXUS for the year ended 30 June 2013; and
- all continuous disclosure notices given by DEXUS after 6 September 2013 and before the date of this Bidder's Statement.

Requests for free copies of these documents may be made by contacting the DEXUS Offer Information Line on 1800 220 771 (callers in Australia) or +61 1800 220 771 (callers outside Australia) between 8.30am and 5.30pm (Sydney time) on Business Days. In addition, copies of all documents lodged with the ASX in relation to DEXUS can be inspected at the registered office of DEXUS during normal business hours. DEXUS's website at www.dexus.com also includes a wide range of information on DEXUS (including copies of the above documents) and its activities.

13.4 Rights and liabilities attaching to DEXUS Securities

The DEXUS Securities issued under the DEXUS Offer will be issued fully paid and will rank equally for distributions and other rights in all respects with existing DEXUS Securities from the date of issue.

Since the DEXUS Securities issued as consideration under the DEXUS Offer will be issued credited as fully paid, no monetary liability attaches to them.

The rights and liabilities attaching to DEXUS Securities are determined by the DEXUS Constitutions, applicable law and the Listing Rules. Section 13.5 contains a summary of the rights and liabilities attaching to DEXUS Securities under the DEXUS Constitutions and the Corporations Act. In the absence of any amendment to the DEXUS Constitutions or changes in applicable law or the Listing Rules, these rights and liabilities will attach to DEXUS Securities issued under the DEXUS Offer. This is not an exhaustive summary or definitive statement of the rights and liabilities attaching to DEXUS Securities.

CPA Unitholders should seek their own advice when trying to establish their rights in specific circumstances.

13.5 Summary of the DEXUS Constitutions

Each of DDF, DIT, DOT and DXO are registered managed investment schemes. DEXUS RE is the responsible entity for each of DDF, DIT, DOT and DXO. All of DDF, DIT, DOT and DXO are established under their respective constitutions which contain the main rules governing their operation. The Corporations Act, exemptions and declarations given by ASIC, the Listing Rules (subject to waivers), and the general law of trusts are also relevant to the rights and obligations of DEXUS RE and of DEXUS Security holders (referred to as members for the purposes of the following summary).

DEXUS RE must ensure that the DEXUS Constitutions meet the requirements of the Corporations Act. DEXUS RE may amend the DEXUS Constitutions without member approval if it reasonably considers that the amendment will not adversely affect members' rights. Any other amendments must be by approval of a special resolution of members.

The key rights attaching to the DDF Units, the DIT Units, the DOT Units and the DXO Units under the DEXUS Constitutions and the Corporations Act are identical and for that reason have not been separately summarised. The main provisions of the DEXUS Constitutions that deal with the rights and obligations of members are:

- a. units:** a fully paid DDF Unit, DIT Unit, DOT Unit and DXO Unit confers an undivided interest in DDF, DIT, DOT and DXO respectively. The DEXUS Constitutions contemplate the issue of options, partly paid DDF Units, partly paid DIT Units, partly paid DOT Units and partly paid DXO Units;
- b. stapling:** the DEXUS Constitutions provide for the Stapling of units in DDF, DIT, DOT and DXO to other securities. Where DEXUS Securities are Stapled to other securities, members will be holders of the other stapled security in addition to the DEXUS Securities and the stapled securities will be able to be traded only as a single stapled security on the ASX;
- c. distributions:** subject to the terms of issue of particular DDF Units, DIT Units, DOT Units or DXO Units, members on the relevant trust's register at the end of a distribution period are entitled to a share in the relevant trust's income (and any capital which is to be distributed) proportionate to their holding. The distribution periods are the periods ending on 30 June and 31 December or such other dates as may be determined by DEXUS RE. Outside of distributions to be paid at the end of distribution periods, DEXUS RE may make distributions of capital and income in its discretion. DEXUS RE may, from time to time, advise DEXUS Unitholders of the terms on which distributions may be re-invested in DEXUS Securities;
- d. transfer:** while they are stapled, DDF Units, DIT Units, DOT Units and DXO Units may only be transferred as part of DEXUS Securities. Unitholders may transfer DEXUS Securities by a proper transfer in the manner approved by DEXUS RE. DEXUS RE may refuse to register a transfer of DEXUS Securities where the transfer is not duly stamped or where such a refusal is permitted by the Listing Rules or ASX. Subject to the Listing Rules and ASX Settlement Operating Rules, while DEXUS is a listed entity, the Directors may suspend the registration of a transfer at such times and for such periods (not exceeding 30 days in total in any year) as deemed fit;
- e. no redemption:** there is no right of redemption of the DDF Units, DIT Units, DOT Units or DXO Units;
- f. winding up:** if DDF, DIT, DOT or DXO is terminated and wound up, members are entitled to receive a share of the net proceeds of the realisation of all cash, investments, rights and other property of the relevant trust, proportionate to their holding, with adjustment for any unpaid amounts on the DDF Units, DIT Units, DOT Units or DXO Units (as relevant) and after DEXUS RE has deducted its remuneration and costs and subject to any special rights or restrictions attached to any DEXUS Securities or the direction in writing of all Unitholders. Each of DDF, DIT, DOT and DXO terminate on the date on which they are terminated in accordance with the DEXUS Constitutions or by law;
- g. DEXUS Security holders' liability:** for fully-paid units, a DEXUS Security holder's liability is limited under the DEXUS Constitutions to the amount paid (or payable in the case of partly paid units) for their DDF Units, DIT Units, DOT Units or DXO Units;
- h. meetings:** DEXUS Security holders' rights to requisition, attend and vote at meetings are largely governed by the Corporations Act. The DEXUS Constitutions provide that the quorum for a meeting is, depending on the type of meeting, either ten or twenty members. While the DDF Units, DIT Units, DOT Units and DXO Units are stapled together, meetings of DDF, DIT, DOT and DXO may be held concurrently. Each DDF Unitholder, DIT Unitholder, DOT Unitholder and DXO Unitholder is entitled to receive notice of, attend and (except in certain circumstances) vote at general meetings of DDF, DIT, DOT and DXO and to receive all notices, accounts and other documents required to be sent to DDF Unitholders, DIT Unitholders, DOT Unitholders and DXO Unitholders under the DEXUS Constitutions or the Corporations Act; and
- i. voting:** at a general meeting, DEXUS Unitholders have one vote on a show of hands and one vote for each dollar of the value of DDF Units, DIT Units, DOT Units and DXO Units held on a poll. Voting on resolutions is by a show of hands unless a poll is demanded, except if the resolution is a special resolution, which must be decided on a poll.

The DEXUS Constitutions also deal with the powers, duties and liabilities of DEXUS RE:

- a. powers:** generally, DEXUS RE has all powers that it is possible to confer on a trustee and all powers incidental to ownership of the assets of DDF, DIT, DOT or DXO as though DEXUS RE were the absolute and beneficial owner of those assets. In exercising its powers, DEXUS RE may acquire or dispose of any real or personal property and borrow or raise money, encumber any asset of DDF, DIT, DOT or DXO, incur any liability, enter into joint venture arrangements or fetter any power;
- b. issues:** subject to the DEXUS Constitutions, the Corporations Act and the Listing Rules, DEXUS RE has power to issue DDF Units, DIT Units, DOT Units or DXO Units and options over those units on such terms as it determines. Once the DDF Units, DIT Units, DOT Units or DXO Units are stapled together to form a DEXUS Security, any issue of new ordinary units in any of DDF, DIT, DOT or DXO must be matched by a corresponding issue of ordinary units in each of the other three trusts and stapled together. The DEXUS Constitutions contain a number of limits as to the price at which units may be issued;
- c. duties:** DEXUS RE's duties as responsible entity are largely regulated by the Corporations Act;
- d. fees and expenses:** DEXUS RE may recover out of each of DDF, DIT, DOT and DXO's assets, expenses properly incurred in the operation of DDF, DIT, DOT and DXO respectively. The DEXUS Constitutions also authorise DEXUS RE to receive fees calculated at the rate of 1% per annum of gross asset value of all cash, investments, rights and other property of each of DDF, DIT, DOT and DXO. These fees are payable monthly and may be waived by DEXUS RE;
- e. indemnity:** DEXUS RE is entitled to be indemnified out of the assets of DDF, DIT, DOT and DXO for any liability it incurs in properly performing or exercising any of its duties or powers in relation to DDF, DIT, DOT and DXO respectively; and

f. rights: DEXUS RE may also:

- i. take and act upon advice from professionals; and
- ii. value the assets of DDF, DIT, DOT and DXO at any time (at market value unless it determines there is no market in respect of an asset or that the market value does not represent the fair value of the asset).

Requests for free copies of the DEXUS Constitutions may be made by contacting the DEXUS Offer Information Line on 1800 220 771 (callers in Australia) or +61 1800 220 771 (callers outside Australia) between 8.30am and 5.30pm (Sydney time) on Business Days.

13.6 Valuation of DEXUS Securities

- a. DEXUS RE has formed the view that, for the purposes of clause 4.3(a) of the DEXUS Constitutions, the current market value of 1 CPA Unit is equivalent to \$0.7745 cash and 0.4516 DEXUS Securities (or such other amount as is announced by DEXUS to the ASX on behalf of DEXUS RE from time to time).
- b. By accepting the DEXUS Offer, CPA Unitholders acknowledge that they are taken to submit, as a statement of current market value of CPA Units for the purposes of clause 4.3(a)(2) of the DEXUS Constitutions, the statement of value made by DEXUS RE in Section 13.6(a) above.
- c. DEXUS RE has acknowledged that the statement of value in Section 13.6(a) is acceptable to it, as required by clause 4.3(a)(2) of the DEXUS Constitutions.

13.7 Exercise of discretion

DEXUS RE will prepare policies for the exercise of discretions under the DEXUS Constitutions relating to prices for DEXUS Securities and other matters. Copies of those policies will be available free of charge on request by contacting the DEXUS Offer Information Line on 1800 220 771 (callers in Australia) or +61 1800 220 771 (callers outside Australia) between 8.30am and 5.30pm (Sydney time) on Business Days.

13.8 Due diligence

For the purpose of confirming its assessment whether or not to acquire all of the CPA Units, Bidder was given access by CPA to certain information concerning the CPA Group which has not been disclosed generally to CPA Unitholders.

Except as disclosed in this Bidder's Statement, none of the information to which Bidder was given access is, in the opinion of Bidder, of such a nature and quality which, if the information were generally available, a reasonable person would expect to have a material effect on the price or value of CPA Units. Further, in the opinion of Bidder and except as disclosed in this Bidder's Statement, none of that information would otherwise be material to a decision by a CPA Unitholder whether or not to accept the DEXUS Offer.

However, the fact that Bidder's decision to make the DEXUS Offer was confirmed by its review of the information to which it had access may itself be regarded as information material to the decision of a CPA Unitholder whether or not to accept the DEXUS Offer.

13.9 Regulatory matters

FIRB approval

Bidder is a foreign person for the purposes of the FATA. If Bidder acquires more than 15% of CPA, CPA will similarly be treated as a foreign person for purposes of the FATA.

Bidder, CPPIB and DEXUS lodged an application with FIRB seeking a statement of no objection to the proposal. That statement was provided on 17 December 2013.

ASIC modifications and exemptions

ASIC has published various "Class Order" instruments providing for modifications and exemptions that apply generally to all persons, including Bidder, in relation to the operation of chapter 6 of the Corporations Act.

Among others, for the purposes of the offer, Bidder may rely on the provisions of ASIC Class Order 00/2338 entitled 'Relief from the Minimum Bid Price Principle – 621(3)'.

The Class Order provides relief from the requirement in section 621(4) of the Corporations Act and allows a bidder to nominate a date up to five Business Days before the date of the takeover bid for the purposes of valuing quoted securities that it is offering as part of its bid consideration.

Relying on the relief, Bidder may value DEXUS Securities to be provided as consideration under the DEXUS Offer at any time nominated by Bidder (the "Valuation Date") up to five Business Days before the date of the DEXUS Offer. The valuation is determined by calculating the VWAP of DEXUS Securities up to five Business Days before the date of the DEXUS Offer. The valuation is determined by calculating the VWAP of DEXUS Securities in the ordinary course of trading on ASX during the two full trading days before the Valuation Date.

In accordance with section 621(4A) (as inserted by ASIC Class Order 00/2338) the following information is provided:

- valuation of fully paid DEXUS Securities under section 621(4) is \$1.012 per Security;
- Valuation Date is 3 January 2014; and
- trading days on which valuation is based are 31 December 2013 and 2 January 2014.

13.10 Potential for waiver of defeating conditions

The DEXUS Offer is subject to limited and customary conditions set out in Appendix 2. Under the terms of the DEXUS Offer and the Corporations Act, any or all of those defeating conditions may be waived by Bidder.

If an event occurs which results (or would result) in the non-fulfilment of a defeating condition, Bidder might not make a decision as to whether it will either rely on that occurrence, or instead waive the defeating condition in respect of that occurrence, until the date for giving notice as to the status of the conditions of the DEXUS Offer under section 630(3) of the Corporations Act. If Bidder decides that it will waive a defeating condition, it will announce that decision to the ASX in accordance with section 650F of the Corporations Act.

If any of the defeating conditions is not fulfilled, and Bidder decides to rely on that non-fulfilment, then any contract resulting from acceptance of the DEXUS Offer will become void at (or, in some cases, shortly after) the end of the Offer Period, and the relevant CPA Units will be returned to the holder.

13.11 Status of defeating conditions

The DEXUS Offer is subject to a number of conditions set out in Appendix 2. Bidder will provide updates on any material developments relating to the status of these conditions during the Offer Period.

Other as set out below, as at the date of this Bidder's Statement, Bidder is not aware of any events or circumstances which would result in the non-fulfilment of any of the defeating conditions. If the defeating conditions in Appendix 2 are not fulfilled or waived, then no contract will be capable of arising at all from the acceptance of the DEXUS Offer.

Bidder is currently aware of the following three circumstances which may lead to a breach of a defeating condition in Appendix 2:

- **CPA Convertible Notes:** Under the condition headed "CPA Convertible Notes" it is a defeating condition to the DEXUS Offer that, on or before the date of the Target's Statement, CMIL makes a public and unqualified statement that it will exercise its option under the CPA Convertible Note terms to cash settle any CPA Convertible Notes, where a conversion notice is lodged during the Offer Period.

Bidder does not know whether CMIL will make the statement described in the above condition.

- **Related party transaction:** Under the condition headed "No Material Acquisitions or Disposals" it is a breach of a defeating condition to the DEXUS Offer if:
 - any member of the CPA Group disposes of, or an agreement is entered into under which it is agreed that any member of the CPA Group will or offers to dispose of, any one or more entities or assets (or any interest in one or more entities, businesses or assets):
 - for an amount or consideration in excess of A\$50 million for any individual item; or
 - in respect of which the book value (as recorded in CPA's statement of financial position as at 30 June 2013) is in excess of A\$50 million for any individual item; or
 - a number of such agreements are entered into or acquisitions occur by CPA Group members for an aggregate amount or consideration in excess of A\$50 million or in respect of which, on an aggregate basis, book value (as recorded in CPA's statement of financial position as at 30 June 2013) is in excess of A\$50 million;
 - any member of the CPA Group enters into any commitment (including a lease or agreement for lease) to any development, redevelopment, or refurbishment project for a new or existing CPA asset where the total project cost exceeds A\$50 million (including incentives), whether or not previously contemplated; or
 - any member of the CPA Group enters into a new related party transaction or materially varies an existing arrangement with a related party.

From its due diligence investigations, Bidder is aware that CPA has entered into a non-binding heads of agreement with CBA in relation to CBA's tenancy at 150 George Street.

If a formal binding agreement is entered into, this would breach the defeating condition described above because:

- the total project costs arising as a result of that agreement will exceed A\$50 million (including incentives); and
- any such agreement would be a new or varied arrangement with a related party.

- **Internalisation proposal:** It is a condition of the DEXUS Offer that between the Announcement Date and the end of the Offer Period (each inclusive) a "Change of Control" does not occur in respect of CMIL. For these purposes "Change of Control" means a party who comes under the control of a third party who did not "Control" that party on the Announcement Date where "Control" has the meaning given to it in section 50AA of the Corporations Act.

On 18 December 2013, CMIL announced that it had agreed with CBA binding terms and entered into an implementation agreement with CMIL to internalise the management of CFS Retail Property Trust Group (of which CMIL is responsible entity). Under the proposal, if implemented, there would be a "Change of Control" of CMIL.

The Bidder is still considering its position in relation to the CMIL announcement and related investor presentation and will provide further information about the impact of the proposal on the DEXUS Offer. CPA Unitholders should note that the condition would only be triggered if the proposal is implemented before the end of the Offer Period. There is no certainty that this will occur. CMIL has announced that it currently expects that the proposal would be implemented after the securityholder meeting for the proposal (which is expected to be in March 2014).

13.12 Approvals for payment of consideration

Bidder is not aware of any CPA Unitholders who require any approval referred to in Section 6.7 of the Offer Terms in Appendix 1 in order to be entitled to receive any consideration under the DEXUS Offer.

13.13 Fees and other expenses of the DEXUS Offer

The Consortium has appointed legal, accounting, tax and financial advisers. Each adviser is entitled to receive the usual professional fees in accordance with either time-based or success-based charges.

- a. material to the making of a decision by a CPA Unitholder whether or not to accept the DEXUS Offer;
 - b. known to Bidder; and
 - c. does not relate to the value of DEXUS Securities,
- which has not previously been disclosed to CPA Unitholders.

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (*for example, reduce it from \$100,000 to \$80,000*).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission** (ASIC) website (www.moneysmart.asic.gov.au) has a managed investment fee calculator to help you check out different fee options.

Fees and other costs

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of DEXUS as a whole.

Taxes and insurance costs are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

All fees and charges in this table are inclusive of GST and take into account expected input tax credits or reduced input tax credits for GST on fees and charges where applicable.

Additional explanation of fees and expenses

DEXUS RE costs and expenses

DEXUS RE, as the responsible entity of each of DDF, DIT, DOT and DXO, is entitled to a fee of 1% per annum of gross assets of the relevant trust and to be reimbursed for any costs or expenses it incurs in the proper performance of its duties or the exercise of its powers, in the course of its office or in relation to the management of DDF, DIT, DOT and DXO. Such expenses include registry and audit fees, taxes compliance costs, valuation fees and management fees.

The DEXUS Constitutions contain provisions regarding the amount of management fees and expenses described above. - a. Bidder may in its sole discretion and without notice to you waive any or all of those requirements at any time (including but not limited to requirements in relation to the manner or method of acceptance, or the deadline for receipt of acceptances specified under Section 5.3(a)(iii)); and
- b. where the requirements in paragraph (a) have been complied with in respect of some but not all of your CPA Units, Bidder may, in its sole discretion, deem your acceptance of this DEXUS Offer complete in respect of those CPA Units for which the requirements have been complied with but not in respect of the remainder (unless Bidder waives those requirements in accordance with Section 5.6(a)).

Where Bidder elects to waive any requirement of this Section 5, your acceptance of this DEXUS Offer will be complete regardless of any failure by you to comply with the waived requirement.

6 Payment for your CPA Units

6.1 How payment for your CPA Units will be made

- a. **Scrip Consideration:** The obligation of Bidder to procure DEXUS RE to issue and allot any DEXUS Securities to which you are entitled as Scrip Consideration under the DEXUS Offer will be satisfied by DEXUS RE:
 - i. either:
 - A. entering your name on DEXUS unit register; or
 - B. if your name is entered into the issuer sponsored subregister of DEXUS, by no later than five Business Days after your name is entered in the register of members of DEXUS, despatching or procuring the despatch to you of a holding statement in accordance with ASX Listing Rule 8.6; and
 - ii. despatching or procuring the despatch to you of a transaction confirmation statement in your name.

- b. Cash Consideration:** Payment of any cash amount to which you are entitled as Cash Consideration under the DEXUS Offer will be made by cheque (or otherwise as determined by Bidder) in Australian currency.
- c. Offset:** Bidder may pay to CPA so much of the Offer Consideration as is required to discharge any debt owed by you to CPA, under the terms of any employee incentive scheme and Bidder will pay to you the remaining Offer Consideration by cheque (or otherwise as determined by Bidder); or
- d. Address:** Anything to be despatched to you under this Section 6.1 or Section 6.3(d) will be sent at your risk by pre-paid ordinary mail or airmail (as appropriate) to your address as shown on your personalised Acceptance Form, as shown on the Register or any other address you notify to Bidder in writing before despatch.
- e. Joint holdings:** If your CPA Units are held in joint names and those names are entered into the issuer sponsored subregister of DEXUS, anything to be issued under this Section 6.1 or Section 6.3(d) will be issued in the name of, and forwarded to, the holder whose name appears first in the Register.

6.2 When consideration is paid

Subject to Section 6.4, if the contract resulting from your acceptance of this DEXUS Offer becomes unconditional, Bidder will provide, or procure the provision of, the Offer Consideration to which you are entitled on acceptance of this DEXUS Offer on or before the later of:

- a. five Business Days after the date this DEXUS Offer is validly accepted by you; and
- b. if this DEXUS Offer is subject to a defeating condition when accepted, within 10 Business Days after this DEXUS Offer or the contract resulting from your acceptance of this DEXUS Offer becomes unconditional.

6.3 Payments to Ineligible Foreign Unitholders and Unmarketable Parcel Security holders

If you accept the DEXUS Offer and you are an Ineligible Foreign Unitholder or Unmarketable Parcel Security holder (or if Bidder believes that you are an Ineligible Foreign Unitholder or Unmarketable Parcel Security holder), you will not be entitled to receive DEXUS Securities as part of the consideration for your CPA Units, but in respect of any DEXUS Securities which you would have become entitled to receive under Section 2.1 but for Section 2.2, Bidder will:

- a. arrange for the issue to a nominee approved by ASIC ("Nominee") of the number of DEXUS Securities to which you and all other Ineligible Foreign Unitholders and Unmarketable Parcel Security holders would have become entitled to receive as part of the Offer Consideration as a result of acceptance of the DEXUS Offer but for Section 2.2;
- b. cause the Nominee to offer for sale the DEXUS Securities within 10 Business Days after the end of the Offer Period in a manner, at a price and on terms and conditions as are determined by the Nominee;
- c. pay to you the amount calculated in accordance with the following formula:

$$\frac{\text{Net Proceeds of Sale} \times \text{Your DEXUS Securities}}{\text{Total Nominee Securities}}$$

Where:

"Net Proceeds of Sale" is the amount the Nominee receives on sale of all DEXUS Securities issued to the Nominee under Section 6.3(a), less brokerage and other sale expenses;

"Your DEXUS Securities" is the number of DEXUS Securities which Bidder would otherwise be required to issue to you as part of the Offer Consideration but for Section 2.2; and

"Total Nominee Securities" is the total number of DEXUS Securities issued to the Nominee under Section 6.3(a);

- d. payment will be made by cheque in Australian currency as soon as practicable after settlement of the sale by the Nominee of the Total Nominee Securities. The Net Proceeds of Sale, if in a currency other than Australian currency, will be converted to Australian currency at the time of payment using the relevant exchange rate for value on the date of payment. The cheque will be posted to you at your risk by pre-paid airmail to your address as shown on the Register (or such other address as you may notify in writing to Bidder). If your CPA Units are held in a joint name, the cheque will be issued in the name of the joint holders and forwarded to the address that appears first in the Register; and
- e. under no circumstances will interest be paid on your share of the proceeds of this sale, regardless of any delay in remitting these proceeds to you.

Notwithstanding anything else in the Bidder's Statement or these Offer Terms, Bidder is under no obligation to spend any money, or undertake any action, in order to satisfy itself of the eligibility of Ineligible Foreign Unitholders or Unmarketable Parcel Security holders to receive DEXUS Securities as set out in this Section 6.3.

6.4 Where additional documents are required

Where your personalised Acceptance Form or any subsequent request from Bidder requires additional documents to be given with your acceptance (such as a certified copy of any of a power of attorney, grant of probate or letters of administration, or any other document requested by Bidder to give better effect to your acceptance):

- a. if the documents are given with your acceptance, Bidder will provide, or procure the provision of, the Offer Consideration in accordance with Section 6.1 or 6.2;
- b. if the documents are given after acceptance and before the end of the Offer Period and this DEXUS Offer is subject to a defeating condition at the time that Bidder is given the documents, Bidder will provide, or procure the provision of, the Offer Consideration by the end of whichever of the following periods ends earlier:
 - i. 10 Business Days after the contract resulting from your acceptance of this DEXUS Offer becomes unconditional; and
 - ii. 10 Business Days after the end of the Offer Period; or
- c. if the documents are given after acceptance and before the end of the Offer Period and this DEXUS Offer is unconditional at the time that Bidder is given the documents, Bidder will provide, or procure the provision of, the Offer Consideration by the end of whichever of the following periods ends earlier:
 - i. 10 Business Days after Bidder is given the documents; and
 - ii. 10 Business Days after the end of the Offer Period; or
- d. if the documents are given after the end of the Offer Period, Bidder will provide, or procure the provision of, the Offer Consideration within 10 Business Days after the documents are given; but if at the time Bidder is given the documents, the contract resulting from your acceptance of this DEXUS Offer is still subject to one or more of the conditions titled "No Prescribed Occurrences" in Appendix 2, Bidder will provide, or procure the provision of, the Offer Consideration within 10 Business Days after that contract becomes unconditional (to the extent the condition is the same as the conditions set out in sections 652(c)(1) and (2) of the Corporations Act, as modified by section 604 of the Corporations Act).

If you do not provide Bidder with the required additional documents within one month after the end of the Offer Period, Bidder may, in its sole discretion, rescind the contract resulting from your acceptance of this DEXUS Offer.

6.5 Where Bidder is entitled to any Rights

If Bidder becomes entitled to any Rights as a result of your acceptance of this DEXUS Offer, it may require you to give Bidder all documents necessary to vest those Rights in Bidder or otherwise to give Bidder the benefit or value of those Rights. If you do not give those documents to Bidder, or if you have received the benefit of those Rights, then Bidder may deduct from the Offer Consideration otherwise due to you the amount (or value, as reasonably assessed by Bidder) of those Rights in accordance with Section 6.6.

6.6 Rights generally

If:

- a. you have (or any previous holder of your CPA Units has) received the benefit of any Rights (whether in respect of non-cash benefits or otherwise); or
- b. you are (or any previous holder of your CPA Units is) entitled to receive the benefit of any Rights under the terms that provide for or otherwise apply to those Rights (for example, if the Right is to receive a distribution, if you are (or any previous holder of your CPA Units is) the registered holder of the security at the specified time for determining those entitled to the distribution); or
- c. your CPA Units were issued (or otherwise came into existence) on or after the specified time for determining entitlements in respect of any Rights to CPA Unitholders,

then:

- d. in the case of Rights to non-cash benefits, Bidder may deduct the value (as reasonably assessed by Bidder) of the Rights from any Offer Consideration otherwise payable to you; or
- e. in the case of Rights to cash benefits, Bidder may deduct the amount of the Rights from any Offer Consideration otherwise payable to you.

If Bidder does not, or cannot, make the deduction, you must pay the value or amount to Bidder.

6.7 Clearances for offshore residents

If, at the time of acceptance of this DEXUS Offer, any consent, authority or clearance is required for you to receive any consideration under this DEXUS Offer including, but not limited to consent, authority or clearance of:

- a. the Minister for Foreign Affairs (whether under the *Charter of the United Nations Act 1945* (Cwlth), the *Charter of the United Nations (Terrorism and Dealings with Assets) Regulations 2002* or any other regulations made thereunder, or otherwise);
- b. the Reserve Bank of Australia (whether under the *Banking (Foreign Exchange) Regulations 1959* (Cwlth) or otherwise); or
- c. the Australian Taxation Office,

then acceptance of this DEXUS Offer will not create or transfer to you any right (contractual or contingent) to receive (and you will not be entitled to receive) any consideration under this DEXUS Offer unless and until all those consents, authorities or clearances have been obtained by Bidder.

7.3 Effect of breach or non-fulfilment

The breach or non-fulfilment of any of the conditions subsequent set out in Appendix 2 does not, until the end of the Offer Period, prevent a contract arising to acquire your CPA Units resulting from your acceptance of this DEXUS Offer but, if at the end of the Offer Period (or, in the case of the conditions titled “No Prescribed Occurrences” in Appendix 2, at the end of three business days after the end of the Offer Period), in respect of any condition in Appendix 2:

- a. Bidder has not declared this DEXUS Offer (and it has not become) free from that condition; and

Bidder will:

- a. use its best endeavours to procure that the condition titled “No Regulatory Action” in Appendix 2 is, to the extent within its control or the control of its affiliates, satisfied; and
- b. not do or omit to do anything for the purpose of causing a breach of those conditions.

7.5 Bidder may decide DEXUS Offer is free from all or any of the conditions

Bidder may at any time at its sole discretion, but in compliance with the Corporations Act, declare the DEXUS Offer free from all or any of the conditions set out in each paragraph and subparagraph of Appendix 2 by notice in writing to CPA:

Once you have accepted this DEXUS Offer, you will be unable to revoke your acceptance and the contract resulting from your acceptance will be binding on you. In addition, you will be unable to withdraw your acceptance of this DEXUS Offer or otherwise dispose of your CPA Units, except as follows:

- a. if, by the times specified in Section 8.2, the conditions in Appendix 2 have not all been fulfilled or waived, then this DEXUS Offer will automatically terminate and your CPA Units will be returned to you; or
- b. if the Offer Period is varied in a way that postpones for more than one month the time when Bidder has to meet its obligations under the DEXUS Offer and, at that time, this DEXUS Offer is subject to one or more of the conditions in Appendix 2, then you may be able to withdraw your acceptance in accordance with section 650E of the Corporations Act.

1 DEFEATING CONDITIONS – 101 AND 150 GEORGE STREET, PARRAMATTA

In section 13.11 of the Bidder's Statement, Bidder described the circumstances of which it was aware which may lead to a breach of a defeating condition.

The Bidder noted that under the condition headed "No Material Acquisitions or Disposals" in Appendix 2 of the Bidder's Statement, it is a breach of a defeating condition to the DEXUS Offer if:

- any member of the CPA Group disposes of, or an agreement is entered into under which it is agreed that any member of the CPA Group will or offers to dispose of, any one or more entities or assets (or any interest in one or more entities, businesses or assets):
 - for an amount or consideration in excess of A\$50 million for any individual item; or
 - in respect of which the book value (as recorded in CPA's statement of financial position as at 30 June 2013) is in excess of A\$50 million for any individual item; or
 - a number of such agreements are entered into or acquisitions occur by CPA Group members for an aggregate amount or consideration in excess of A\$50 million or in respect of which, on an aggregate basis, book value of the assets (as recorded in CPA's statement of financial position as at 30 June 2013) is in excess of A\$50 million;
- any member of the CPA Group enters into any commitment (including a lease or agreement for lease) to any development, redevelopment, or refurbishment project for a new or existing CPA asset where the total project cost exceeds A\$50 million (including incentives), whether or not previously contemplated; or
- any member of the CPA Group enters into a new related party transaction or materially varies an existing arrangement with a related party.

The Bidder further noted that, from its due diligence investigations, it was aware that CPA has entered into a non-binding heads of agreement with CBA in relation to CBA's tenancy at 150 George Street and that if a formal binding agreement is entered into, this would breach the defeating condition described above because:

- the total project costs arising as a result of that agreement will exceed A\$50 million (including incentives); and
- any such agreement would be a new or varied arrangement with a related party.

In addition, the Bidder notes that CMIL has entered into a non-binding heads of agreement with CBA in relation to its tenancy at 101 George Street, Parramatta and that, if a formal binding agreement is entered into, this would also breach the defeating condition described above.

On 24 December 2013, the Bidder announced to ASX that it will not rely on the "No Material Acquisitions or Disposals" condition in relation to any new lease, variation of existing lease or related agreement entered into by CMIL over the 101 and 150 George Street properties (including agreements necessary to implement the 101 and 150 George Street heads of agreement described above).

The Bidder's announcement was made following certain undertakings given by CMIL. Those undertakings are described in the announcement, which is attached as Annexure A.

2 DEFEATING CONDITIONS – INTERNALISATION PROPOSAL

In section 13.11 of the Bidder's Statement, the Bidder noted that it is a condition of the DEXUS Offer that between the Announcement Date and the end of the Offer Period (each inclusive) a "Change of Control" (as defined in the Bidder's Statement) does not occur in respect of CMIL (the **"No Change of Control Condition"**).

The Bidder further noted that, on 18 December 2013, CMIL announced that it had agreed with CBA binding terms and entered into an implementation agreement to internalise the management of CFS Retail Property Trust Group ("CFX") (of which CMIL is responsible entity). Under the proposal, if implemented, there would be a "Change of Control" of CMIL.

The Bidder is continuing to consider its position in relation to the proposed CFX internalisation and expects to be able to update CPA Unitholders on its intentions shortly.

3 AUTHORISATION

This Supplement has been approved by a resolution passed by all of the directors of the Bidder.

ASX release

24 December 2013

DEXUS Offer for CPA - update on proposed bid conditions

DEXUS Funds Management Limited, in its capacity as trustee of DEXUS Office Trust Australia ("DEXUS") refers to the Bidder's Statement lodged by DEXUS Property Group ("DXS") and Canada Pension Plan Investment Board ("CPPIB") (together the "Consortium") on 19 December 2013 in relation to an off-market takeover bid for all of the Units in the Commonwealth Property Office Fund ("CPA") ("DEXUS Offer").

Update on conditions

In its Bidder's Statement, DEXUS noted that Commonwealth Managed Investments Limited ("CMIL") and Commonwealth Bank of Australia ("CBA") had entered into a non-binding heads of agreement in relation to CBA's tenancy at 150 George Street Parramatta. The transaction contemplated by that heads of agreement includes the extension of CBA's lease term (and associated incentive payments) and refurbishment and redevelopment of the property.

In addition, DEXUS notes that CMIL has entered into a non-binding heads of agreement with CBA in relation to its tenancy at 101 George Street, Parramatta.

If binding agreements were entered into by CMIL and CBA on the basis of those heads of agreement, there would be a breach of the defeating condition to the DEXUS Offer entitled "No Material Acquisitions or Disposals"¹.

CMIL has informed the Consortium that certain elements of the capital expenditure contemplated in the 150 George Street heads of agreement will not be proceeding and that there are other improvements in the proposal.

On that basis, DEXUS now announces that it will not rely on the "No Material Acquisitions or Disposals" condition in relation to any new lease, variation of existing lease or related agreement (each a "Relevant Agreement") entered into by CMIL over the 101 and 150 George Street properties (the "Parramatta Properties") (including agreements necessary to implement the 101 and 150 George Street heads of agreement).

This is on the basis that CMIL has undertaken to DEXUS that:

- CMIL will not enter into a Relevant Agreement in relation to the Parramatta Properties before 28 February 2014; and
- CMIL will not enter into a Relevant Agreement on any date that falls after 28 February 2014 but before 31 July 2014 whilst DEXUS has a relevant interest in CPA of 50.1% or greater and the DEXUS Offer is unconditional. DEXUS acknowledges that, if it acquires a relevant interest in CPA of 50.1% or greater, it intends to procure a change of the responsible entity by the end of the offer period for the DEXUS Offer (as soon as practicable thereafter) and it will take all actions necessary to do so.

CMIL shall not be bound by the above in the event that one of the following occurs:

- a party other than DEXUS, DXS or CPPIB has a relevant interest in 50.1% or greater of CPA (and if acquired under a takeover bid, that bid is unconditional);
- DXS initiates further negotiations with CBA with regards to Parramatta properties owned or managed by it;
- CMIL declares a competing proposal or offer superior to the DEXUS Offer and either:
 - DEXUS subsequently declares it will not increase its offer; or
 - DEXUS has not matched or exceeded that proposal by the later of:
 - 15 February; or
 - 10 Business Days after CMIL's declaration is made; or
- DXS, CPPIB or DEXUS accept into a competing proposal

¹ See Appendix 2 of the Bidder's Statement.
